R. J. ROSS, Esq.
Treasurer

STAFF NOTES

At the end of 1962 three members left the staff. Mr L. S. White left for Tawa College. Mrs M. Denton retired from teaching, and Mr J. Rundle resigned from the teaching profession and left for Hamilton.

The beginning of the 1963 school year saw, however, the arrival of six teachers. Mrs B. MacKenzie, Mr C. Beaumont and Mrs P. Bevin took up their first teaching positions. Mrs K. Marsh, who had been teaching in Mangakino, Mrs B. Elder, who had been teaching in Putaruru, and Miss Grover, who had been teaching in Hawkes Bay, all arrived to complete the staff membership.

During the year Mrs E. Hook moved to Auckland, and it was with regret that the school saw the departure of Mr G. Peters for England. Miss Grover left at the end of the first term for Wellington. The loss of staff was made up in the third term with the arrival of Mr R. Molleman to teach Gymnastics and Mr D. Carter who teaches mathematics and science. During the third term also the school was fortunate in obtaining the services of Mrs Molleman to help with girls' gymnastics. Mrs Molleman took over from Mrs McKay who helped in the second term.

The school would also like to thank the following teachers for their part-time help during the year: Miss J. Riddell and Miss R. Devereux who helped in the Homecraft Department; Mrs Wilkinson who took over the art for one term; Mrs F. Davey and Mrs M. Dick who have given invaluable help in the typing department.

A change of Head of State seems to have little effect on the course of the everyday life of the populace of a country. But no pupil or member or staff can say that the departure of Mr R. W. MacMillan will go unnoticed. Mr MacMillan's role of attentive parent to the school in its weaning years will be greatly missed. But all who have had anything to do with Tokoroa High School, and thus with Mr MacMillan, congratulate him on his appointment as Principal of Westlake Boys High School.

A true appreciation of the advances made by the school under Mr MacMillan's guidance can be gained from the following message to the school, written by Mr MacMillan.

HAERE RA TO MR MacMILLAN

MESSAGE FROM PRINCIPAL

The issue of this Magazine will coincide with my last few days of association with Tokoroa High School, an association in which I have found a great deal of pleasure over the past three and a half years. The progress that the school has made is reflected in the increase in size—a roll of 356 in 1960 has moved up to 502 in 1963; more important, however, than actual roll numbers is the growth of the Senior School. Our Sixth Form in 1960 was 12, this year it was 40. We are now able to say that we have stable courses (covering a full range of subjects) available up to Form 6A, and it has been the policy of the School to develop to this standard as quickly as possible.

Many of our present senior pupils have given a great deal to the School, and it is very noticeable that they are also the people who have gained most out of it; their example of service is one which must commend itself to all junior pupils. Distant fields are often apparently more pleasing to the eye, but we have better pupils at this School than are sent away from this district to other schools, better because they are giving service within their own community. Their integrity, resourcefulness, and personal standards are of the highest order, and it always seems to me a pity that they receive little publicity—this is far too frequently reserved for the very small minority of delinquents who catch the public eye.

A glimpse into the future shows a Third Form intake (180 in 1963) of 270 in 1966, and 370 in 1969. A vast amount of work lies ahead, and I would ask you all as present or past pupils (please include your parents in this, too) to give the School your full support—it is your School, and can only be as good as you make it. I have complete faith in Tokoroa High School's capacity to take a prominent place among the schools of the Waikato, and wish it well in the future.

Micky McClymont

"Silence is the virtue of fools."

Mickey is a very speedy member of both the athletic team and the 1st XV. Returning—sucker!!

Pat Jackson

"Flushed with a purple grace

He shows his smiling face."

Pat is an important member of the 1st XI. Next year??

Margaret Wilson (Head Girl)

"A little learning is a dangerous thing,

Drink deep or taste not the Pierian Spring."

Margaret is a member of the 1st XI (Hockey). Destination

Barbara Swift

"She does nothing in particular and does it very well."

Barbara is our tennis champion and is a member of the indoor and outdoor basketball teams and the athletic team.

Destination—teaching!

Sandra Levin

"I like work, it fascinates me,

I can sit and look at it for hours."

Sandra is the Captain of the 1st XI Hockey team and a member of both the indoor and athletic teams.

Destination—teaching!

Ann Coles

"Small in body but of lofty mind."

Ann is Vice Captain of the 1st XI Hockey team.

Destination—returning, hard lines kid!

Margery Dawe

"Her wit invites you by her looks to come,

But when you knock it never is at home."

Senior athletic champ. Captain of the indoor and outdoor basketball team. Destination—returning, stiff cheese!

Diana Moorhouse

"Her only fit companion is her horse".

No offence meant. Diana plays hockey in the 1st XI and is a member of the athletic team.

GYMNASIUM FUND

This year the school is striving to raise funds to help pay the cost of the new Gymnasium which is to be constructed in the near future. Schemes and plots, which would have aroused the envy of the Mafia, erupted from the business-like brains of the High School pupils, with the following success:

	£	s	d		£	s	d

CLASS PRIZES — 1962

3A—Edward Pollard 1st; Vivien Dawe 2nd.

3B—Lee Hall 1st; Eddie Nieuwelaar 2nd.

3C—Liisa Reinikkala 1st; Linda Clark 2nd.

3H—Ursula Davidson 1st; Theda Mitchell 2nd.

3T—Stewart McFarlane 1st; Edward Deam 2nd.

3P—John Anderson 1st; Hoani Watarawi 2nd.

4A—Philip Briggs 1st; Mary Kingsbury 2nd.

4B—Christine Grounsell 1st; Eleanor Lake 2nd.

4C—Christine Hulme 1st; Beverly Richards 2nd.

4H—Yvonne Ashdown 1st; Raewyn Harpur 2nd.

4T—Engineering Section: Kenneth Howell 1st.

—Woodwork Section: Gregory Riddle 1st.

4P—Michael Pomare 1st.

Form 5, Subject Prizes—

Terry Plumley	1st Biology, 1st Science.
Pamela Wilkinson	1st A. Mathematics.
Patricia Bray	1st Geography, 1st B. Mathematics; 2nd French, 2nd A. English.
Margaret Newport	1st Geography, 2nd Shorthand-Typing, 2nd Bookkeeping.
Carol Forsman	1st Bookkeeping.
Ann Coles	1st Bookkeeping.
Margery Dawe	1st A. English, 1st History, 1st French, 2nd Science.
Ronnie Paul	1st Woodwork, 1st Biology, 2nd Technical Drawing.
Eliza Rapana	1st Shorthand-Typing.
Norman Spear	1st Engineering.
Monte Puke	1st Technical Drawing, 2nd Woodwork.
Raymond Anderson	1st Science.
Patrick Jackson	1st B. Science, 2nd Bookkeeping.
James Davey	1st C. English.
Adrian McClymont	2nd A. Mathematics, 2nd Geography, 2nd Science.

Lower Sixth—

Margaret Wilson	1st Physics, 1st Mathematics, 1st Chemistry, 2nd English, 2nd French.
Alan Rigden	1st History, 1st English, 1st French.
Alan Alexander	1st Geography, 1st Biology, 2nd Mathematics.
Malcolm Pitkeathly	2nd Biology, 2nd equal Geography.

School Calendar, 1963

FIRST TERM, 1963

Tuesday, February 5th: School resumed.
Wednesday, February 20th: School Swimming Sports.
Wednesday, February 27th: Visit to Taupo—Sports Teams.
Saturday, March 2nd: P.T.A. Gala Day.
Saturday, March 9th: Waikato Swimming Sports at Hamilton.
Tuesday, Wednesday, March 12th and 13th: School Athletic Sports.
Week of March 18th—22nd: Rangitoto College Visit.
Saturday, March 23rd: Mid Island Athletics Meeting.
Saturday, March 30th: School Tennis Championships.
Saturday, April 6th: Waikato Athletics Meeting at Hamilton.
March 15th, 18th, 19th: Third and Fourth Form Tests.
Friday 12th—Tuesday 16th April: Easter Recess.
Thursday, April 25th: Anzac Day.
Monday, April 29th to May 1st: Third and Fourth Form Tests.
Friday, May 10th: Last day of Term.

SECOND TERM, 1963

Tuesday, June 18th: Miss Boyd, Liaison Officer to visit school.
Wednesday, June 18th: Southern Comedy Players.
Friday, June 21st—28th: Senior School Examinations.
Wednesday, July 3rd—5th: Third and Fourth Form Tests.
Monday, July 5th: Mid Term Break.
Thursday, July 18th—20th: Play Evenings.
Monday, August 5th (Week): Preliminary of Speech Competition.
Monday, August 12—14: Third and Fourth Form Tests.
Thursday, August 22nd: Final of Speech Competition.
Friday, August 23rd: End of Term.
June 8th: 1st XV v Hamilton Tech. at Hamilton, and Mid-Island Winter Tournament at Mangakino.
June 15th: 1st and 2nd XV v Fairfield College at Tokoroa.
June 22nd: v Taupo. Inter School visit at Taupo and Tokoroa.
June 29th: 1st XV and Hockey teams v Otorohanga at Otorohanga.
July 6th: College Day at Tokoroa.
July 13th: 1st XV v Tamaki at A & B Basketball, v Tamaki at Tamaki.
August 10th: 1st XV v Taupo at Tokoroa.
Thursday, July 25th: Interschool visit at Putaruru and Tokoroa.
July 27th: v Matamata, Interschool visit at Matamata.
Wednesday, August 14th: Interschool visit at Mangakino and Tokoroa.
August 17th: 1st XV, Soccer and Hockey v Rotorua Boys High School at Tokoroa.

THIRD TERM, 1963

- Monday, September 30th: School Cross Country.
- Tuesday/Wednesday, October 1st—2nd: Gymnasium Championship Finals.
- Saturday, October 5th: Mid-Island Relay and Cross Country at Tokoroa.
- Saturday, October 12: Waikato Cross Country at Morrinsville.
- October 14th—18th: 5th and 6B Examinations.
- Monday, October 20th to 31st: Third and Fourth Form Tests.
- October 21st—25th: 6A Examinations.
- Monday, November 18th: School Certificate commences.
- Monday, November 25th to 27th: Third and Fourth Form Tests.
- Wednesday, November 27th: University Scholarship commences.
- Monday, December 2nd: School Certificate finishes. University Entrance commences.
- Monday, December 9th: Reports to be issued.
- Tuesday, December 10th: University Entrance finishes. School Prizegiving.
- Wednesday, December 11th: Last day of term.
- Thursday, December 12: University Scholarship finishes.

PUBLIC SPEAKING CONTEST, 1963

This year's public speaking contest spoke highly of the fairer sex of Tokoroa High School as there was only one boy amongst the eleven finalists.

We thank the adjudicator, the Rev. David Evans, for his informative yet discerning criticisms of the finalists.

SENIOR (Jaycee Cup):

Subject—A famous man or woman

1. G. Rodley
2. J. Gaillard
3. M. Wilson

INTERMEDIATE (Logan Cup):

Subject—The Discovery of New Zealand

1. J. Campbell
2. M. Daisley
3. A. MacMillan

JUNIOR (O'Donnell Cup):

Subject—What a small country can offer the world

1. G. Ogilvy
2. E. Boss
3. S. Davey

Speech by Graeme Rodley, winner of the Jaycee Cup:

"WHAT A SMALL COUNTRY CAN OFFER THE WORLD"

The world today is dominated politically by the giant nations. This is a phenomenon of our time—not until this century was collective organisation possible; at any rate not on such a grand scale as we see it in America and Russia; and as we fear we shall see it in China, and then perhaps Africa.

The scientific snowball really started rolling about 100 years ago—new discoveries, new research, new inventions followed one another at an ever increasing pace and, quite suddenly it seemed it was possible to wield large, scattered almost anarchic populations into a single nation.

Each new scientific advance is acclaimed by the world, and, as the prestige of the nation is enhanced, it becomes more consciously powerful. It has begun to acquire the big-nation complex, namely that it has not only the power and the right, but something like a god-sent duty, a divine mission to be the manager and guardian of the world's welfare, and to fight down others of a similar mind even at the risk of total destruction.

This new development in national psychology, created by this un-natural degree of power, is a terrible danger to the world today.

Now, how can a small country help in such a situation? In its outward appearance it is not impressive, has no military strength, no industrial importance, no scientific standing—life on a very modest scale indeed. Obviously a small country can bring no pressure to bear in a material sense—it has no sabres to rattle, nothing much to sell, nothing clever to boast about.

There is one thing though. These great countries which have massed, organized and developed themselves so amazingly, have lost something. They have gained a recognizable national character, but in their beehive or anthill style of efficiency, they have lost a large measure of personal individuality. The more efficient such a

national machine, the more alike become the parts, the less capable its citizens of individual thought and reflection. Anxiety is ever-present, a nameless uneasiness which makes one unthinkingly go a little faster and a little harder to keep ahead of fear. "Uneasy lies the head that wears the crown."—this is still true, but in these democratic days it applies to nations instead of kings. In this way the pressures on the big nations could panic them into war and world destruction.

We citizens of the small and insignificant countries have something to offer. As we enjoy no world eminence, we have no position to defend. We can calmly consider events, ideologies, and the struggle of great nations from the outside. We can stand for right where the protagonists must be ruled by expediency—the desperate game of keeping one step ahead. Only the disinterested small nation can do this. Though our support is instinctively and traditionally for the west, we have sufficient independence to be able to discriminate when moral issues are involved. In this way we have a watch-dog function and it can be a powerful restraint in moments of crisis.

That is what we must do. We must strive first to be independent, to form our own judgements based on a sound principle. We must watch what is going on, consider, without fear or partiality, and then—and this is where we often fail—make our opinions known and felt, locally, nationally and thus to the world. We may find that a community of small nations through moral independence and individuality, may count for more than the great powers of today and tomorrow whose very power is the source of their own destruction.

LIBRARY NOTES

With the school now almost seven years old our Library has lost its undernourished look and presents, even to the critical eye, a well-stocked, well cared for appearance. Unfortunately the book stock and pupil attendance have far outstripped the capacity of the room which becomes uncomfortably crowded at times.

We are hopeful that 1964 will see a solution to this in the addition of a neighbouring classroom. The office-workroom capacity is also very inadequate and plans are in hand for its extension.

A wise buying policy has resulted in the addition of an impressive selection of books during the year. With the increasing mass of books of all kinds available on the market this policy of selective buying is more than ever necessary if the school's needs are to be met by the best books available and the Library allocation of funds spent to produce the best value for money.

The total book stock is now 3420 comprising 1466 Fiction and 1954 Non-fiction.

With the school roll at the beginning of the year at 502 this still falls short of the ten books per pupil suggested as adequate by the National Library Service.

During the year the following additions were made to our stock: New books, 832. Of these 126 were fiction and 706 non-fiction.

The class sets under the control of the Library now number 182. Of these 44 are sets of plays. Our 6th Form portion of the Library continues to grow but with the expected increase in our 6th Form roll in 1964 it is planned to add further to this section.

As usual the generosity of pupils and interested citizens has been responsible for useful donations. Many of the pupils on leaving school donate the refund on their text books to the Library and this is frequently the full amount of £1. These contributions are of great assistance. Mr Dixon Connelly gave us the beautifully produced 2 volume edition of Sir Joseph Banks' Endeavour Journal for our New Zealand section. Mr L. J. Davey made a donation of 30 books in the general section and these were very gratefully received.

Our policy of allowing books out over the term holidays again proved very worth while. Almost 1000 books went out prior to the August-September break and we are pleased to report that all came in again—eventually.

The Library staff is indebted as always to voluntary help cheerfully and efficiently given by many pupils. Library badges which are donated to those giving up much of their own time to Library work were presented during the year to:

Marise Daisley

Shirley Davey

Vivienne Voigt

Sonya Marsh

Pauline McEwan

School Societies

SCHOOL DRAMA

The principal activity of the Drama Club has been the production of two one-act plays for public performance. The "Lady's not for Burning", Act 1 was performed by a combined staff-pupil cast, and an extract from the "Merchant of Venice" was put on by pupils of 5B.

"The Lady's Not For Burning", by Christopher Fry.

This, the first and probably the best play by one of England's contemporary poet dramatists, illustrates Fry's invaluable achievement in re-instating the comic spirit in English poetic drama. In "The Lady" the verse flows easily and has great descriptive beauty, with the wit pointed and tellingly phrased.

Both players and producer found working with this play was a stimulating and exhilarating experience. It was finally decided to enter the play for competition in the British Drama League's festival held in Tokoroa in August. The entry was a very popular winner.

The adjudicator praised highly the set, costumes and lighting and was particularly appreciative of the high standard of acting by a group of people making their first appearance on stage.

The production of "The Lady" was an experience enjoyed and appreciative to the full by all who took part.

Cast:

RICHARD	...	Ken Wilson, Form 6B.
THOMAS MENDIP	...	Lynn John, Staff
ALIZON ELLIOT	...	Barbara McKenzie, Staff
NICHOLAS DEVIZE	...	John Rennie, 6A
MARGARET DEVIZE	...	Dianne Chambers, Staff Int. School
HUMPHREY DEVIZE	...	Bill Sloan, Form 5A
HEBBLE TYSON	...	Kenneth Milton, Staff
JENNET JOURDEMAYNE	...	Brenda Gilbert, Staff, Matarawa
CHAPLAIN	...	Graeme Rodley, F. 6A

Stage Manager: Mr C. Gilbert, Staff

Assistant Stage Manager: Grant Jolley, Form 4T

Producer: Mr R. T. Corbett, Staff

The Merchant of Venice, by William Shakespeare.

A production of a Shakespearian play (even if only an extract) would be, at any time, a hazardous venture. To attempt such a feat with merely the native talent of one class would really be thrusting the red flag before the bull of fate. But the matadors of 5B took the beast by the horns and executed an impeccable performance amidst the cries of 'ole' from an enraptured Tokoroa audience.

The play itself consisted of two scenes: the "Bond" scene and the "Court" scene, merely aiming to portray the plot of the old Jew, Shylock, against the Christian Antonio, and the former's eventual downfall.

The rehearsals were not without their real-life drama, when, the weekend before the public performances, William Cunningham, who took the part of Bassanio, became ill. The situation was saved however when John Rennie offered to take the part, learned the lines, and turned in an impressive interpretation after only two rehearsals.

The cast would like to record their thanks to all who helped in the actual production.

Cast:

NARRATOR	-- -- -- --	Beverley Richards, 5B
BASSANIO	-- -- -- --	John Rennie, 6A
SHYLOCK	-- -- -- --	Alan Johnstone, 5B
ANTONIO	-- -- -- --	Kevin Francis, 5B

PORTIA	-- -- -- --	Joy Stewart, 5B
NERISSA	-- -- -- --	Susan Kingsbury, 4B

Lighting: Bruce Wallace, 6B

Make-up: Mrs D. Robertson, Staff; Maureen Staples, 5C

Prompt: Christine Heap, 3H

Producer: Mr D. L. John, Staff

CHESS CLUB

This year has seen the re-opening of the Chess Club after one year's recess. Meetings have taken place in A.4 twice weekly, on Monday and Wednesday lunch hours. The Monday session has been chiefly for beginners and quite a number have been introduced to the pleasures and frustrations of chess.

A ladder has been in existence for several months and the chess cup was started. It has been contested and run on a knock out principle after an initial draw of names from a hat.

This year's winner of the cup was Euan Williams. He retains it as he won it in the last competition of 1961.

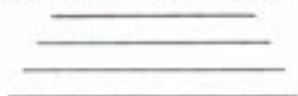

THE GIRLS' CHOIR

Early this year Mr John decided to form a Girls' Choir. The idea met with support, and each Tuesday during lunch hour 36 girls gather to rehearse in the music room. The programme as yet, has not proved too ambitious and is based on the learning of two part songs. These vary from a setting of Mendelssohn's, "I waited for the Lord," to a Welsh folk song, "Sospan Fach", which is sung in Welsh.

The choir made a successful first public appearance during the evenings of drama held at the High School in the second term. At present it is busily rehearsing items for the Tokoroa Primary Schools' Festival of Music, where it is appearing as a guest Choir, and for the High School End of Year Ceremony.

Any girls interested in singing are cordially invited to join the Choir, as greater numbers would be preferable for part singing.

Literature and Puzzles

EXAMS

The teacher came down like a wolf on the fold,
And his tie-pin was gleaming in purple and gold
And the gleam in his eye was like stars on the sea,
When exams rolled 6-weekly on poor little we,

The saint of exams spread his wings on the blast,
And breathed in the face of the school as he passed.
Then the hands of the pupils grew waxy and chill
And we heaved a big sigh as our pencils grew still.

dedicated to a Senior Teacher

ATOM BOMBS

Terrible!
Frightening!
A danger to animals, plant and mankind.
Distasteful!
It cripples
It kills and blinds,
It should never have been invented.
I think Scientists are bringing danger,
More than anything else to their own kind,
What riches would it give them?

What satisfaction would it give them?
To see people suffering and dying.
Starts wars,
Destroys peace,
Cripples human nature.

Misty clouds,
Sinking in for the kill,
The craving for death,
The lust for torture,
Dropped!
To destroy mankind,
To rule a barren waste.

Who were the inventors?
Why did they invent it?
What help does it give their own kind?
It does not kill one but thousands.
Why don't they destroy bombs instead of humans?

Shattering—deafening blast,
If this keeps happening
There will be no earth
Just a flaming, broken up meteor
glowing with death!

Queenie Whetu, Form 3B

THE COUNTRYSIDE CLEANSED

Sadness
Peace
Cleanliness
After a cool spring shower sadness permeates the air,
Peace washes away the worries of yesterday.
The clean fresh air
The trees, shrubs and grasses, are spring-cleaned by
the rain.
Quietness
Yet birds are singing.
Draped blossoms, swaying, waltzing, are reflected in
the new born pools,
Colours, glistening, sparkling, moist but warm,
New light leaping in a shimmering dance,
All welcome after a dreary night.

Beverley Richards, 5B

THE SILENT DEATH

It makes me burn inside
When people talk about the bomb.
It will kill millions
The air becomes poisonous
Because of this floating,
Invisible death
Which creeps silently
In every little corner;
In every little gap
Weaves this certain death.
It must come soon,
This silent creeping
Death.
Every living thing,
Insect or giant,
Will die,
Just because of this
Scientific evil.
The sure way is to
Kill it before it starts.
"Ban the Bomb!"
People are crying.
Ban that silent death.

D. Cannell, 4T

THE SEA

The deep, the blue,
Looks calm and peaceful,
Yet it is always hungry!
Hungry for human lives . . .
Now it is calm,
But soon may storm
High winds,
Squalls of rain,
And mountains of water,
Waiting for ships to founder.
And then the sharks,
Those ugly creatures,
Cannibals of the deep,
Just waiting . . .
Waiting for food.
The sea with its many strange creatures,
The whale, the giant of the deep,
The octopus, that eight-armed monster
With deadly grip,
The squid, the ray,
Spell death in the deep, blue sea.

David Elsey, 4T

MOUNTAINS

Mountains are high,
Much larger than hills.
Some jut out of the water,
Some grow out of the land.
Mountains wear caps,
White caps of snow.
Some of them smoke,
Like chimneys of stoves.
Some are quite rocky,
Without any green.
Goats roam the Mountains
Up to the snow line.
Some peaks are conquered
But others are not . . .

Gordon Rodwell, 4T

THE MOUNTAIN

It reaches up to the sky
With its rough and tricky peak.
And as I sit here and I gaze,
I see the eagle with its prey
Up on the top of the mountain.
Oh! how I'd like to roam
Up to the top of the world,
Where the air is fresh and cool.
One of these days
I'll be gone off to the top
To see the wild life,
And all the people down below will say,
"Yes, he's gone up near to the sky,
Up to the top of the world,
Onto the mountain."

Kai Lajunen, 4T

A MIRACLE

It's a wonder.
It's a miracle.
It's here.
It's happened!
A party.
Must have a party.
To celebrate.
To celebrate the miracle.
It happens a thousand times a day
To thousands of people,
But to me and my wife it seems different.
It's . . . Well,
We're happy.
It's name's going to be Johnny.

D. Cannell, 4T

DOCTORS OF 3,000 YEARS B.C.

People think of and talk about famous doctors of today, but not many know that there were surgeons 4,000 years ago.

These surgeons were Egyptians. They did not set out to cure a heart disease or even remove the appendix or tonsils, but tried to cure a mental illness which they thought and believed, was due to evil spirits and vapours which had got into the head. These vapours somehow or other had to be let out.

So the surgeons would shave the head of the patient, and hammer through the skull with a chisel-like apparatus, and leave it open for a while in order to let the evil spirits and vapours escape.

But the strange thing about this is that some of the people survived the operation. This fact speaks highly for the skill of the surgeon.

The operation was usually only performed on the Pharaoh and his family, because he and his family were thought by their people to be gods who never got sick, and thus their illnesses were not to be known to the people.

This type of operation it has been discovered, has been practised in Central Africa by witch doctors on Africans of the jungle, and some of the patients are still walking around today, and will, if asked, show you the hole in their head.

G. Nickel, 3B.

HOUSE OF DEATH

Let's go back to Egypt in the year approximately 3,000 B.C. To a person who was about to die, it was something sacred and beautiful. Egyptians at this time believed in a second life, therefore this body had to be preserved.

To the Egyptians it was not a House of Death but something like a hospital. The house was run by priests who, once they entered, could never leave. In the house of Death there were four huge rooms which had nothing but what was necessary in them.

When a body was taken to the House of Death, the deceased's relatives had to pay a large sum of money to the priests. The body was taken to the reception room. There they had to wait in a line while the priest wrote something down on a sheet of papyrus reed.

From the reception room the body was taken to a surgery and laid on a cold oblong slab of stone. Here the bodies were stripped of their clothing, oiled, and operated on. Their organs, the kidneys

and brains etc were all removed. The brain itself was extracted as a long string through the nostrils so as to preserve the head intact. There would be blood everywhere and the room had a musty death-like smell.

The third room was the embalming room where the organs and body were put into large vats in the floor, some were thirty feet deep. In this room the priests preserved the bodies and organs. This room was hot and steamy with the heaviness of drugs.

The last room was the Mummifying room, it was different to the rest, it was clean, well arranged, and not so musty. On one side of the room were cases and on the other side were the bodies, in a paralyzed form (which was caused by the embalming). They were bandaged, put into the cases, sealed and taken to the Tombs.

If the deceased had been a commoner there would be a family procession, but if it were a Pharaoh there would be a huge procession stretching for miles. The dead would be buried with much mourning. The tomb would be huge, and inside would be carvings and great pillars.

When in the tombs the bodies were considered by the Egyptians to be in their last resting place before the glorious re-awakening in the "Western land".

Queenie Whetu, 3B.

THE HABITS OF THE PRAYING MANTIS

Slowly with every step calculated and planned it progressed forward. It manouvered between obstructing twigs and now the path of attack lay open. Like an under fed panther, it moved, slowly, deliberately, with cunning and precision. It started to sway its head, back and forth, back and forth. Then, faster than the eye could observe, the unsuspecting fly was in its talons. This is a description of the praying mantis obtaining a snack.

A most interesting feature of this insect is the method it uses of placing its front legs when not hunting. The two front legs are tucked beneath the upper thorax and lower neck in a praying position, hence its name, praying mantis.

The praying mantis has qualities possessed by very few animals or insects in general. The cobra and other members of the snake family have this notable power and so do species of weasels, ferrets, mongooses and rodents. This power given to only few animals, is hypnotism.

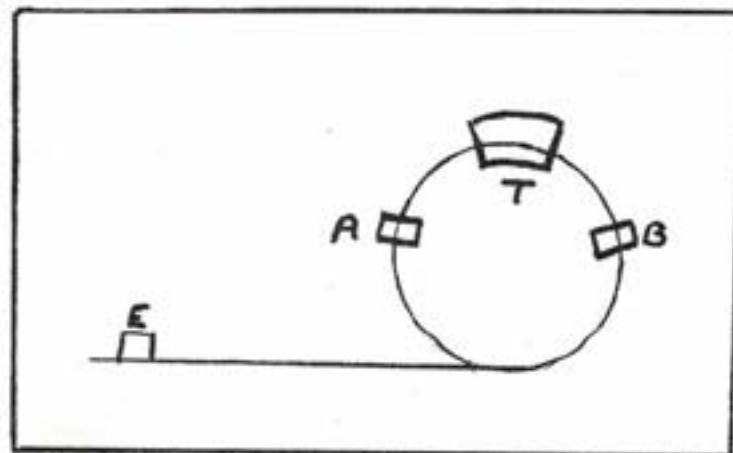

Perhaps a long time ago the praying mantis and the snake generated from the same organism. I think it is more associated with the snake because when the praying mantis uses this hypnotic power it undergoes the same process and stages as does the snake. The first step is slowly moving upon the prey. When the prey, if it should see the praying mantis, tries to escape, it finds itself glued to the ground and unable to move. At this moment the mantis is swaying from side to side and it then strikes suddenly without warning. The last steps are almost identical to those of the snake; the swaying movement, slowly creeping forward and striking suddenly.

We usually find praying mantises running on a leaf. The habit of being found on the sunny sides of leaves is peculiar yet has a function. Small flies, insects, aphids, and the such are practically all found on tops of leaves and the mantis can get a stock of food whenever it feels like it.

The male can fly but he only does so during the mating season when in search of a mate. The couple pair off, build an egg container and the female fills it with eggs. Then the most interesting habit occurs—if the male doesn't get away quickly enough the female will eat him. Ah! Such is life.

William Cunningham, 5B.

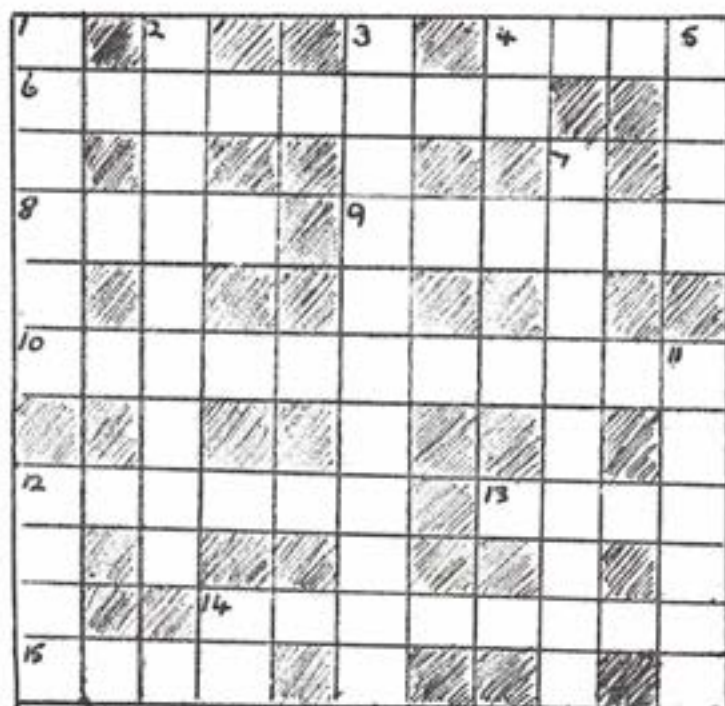

A SHUNTING PROBLEM

T is a tunnel through which the engine E can pass but which is too small for the carriages A and B.

It is required to interchange A and B and leave E in the siding.

THE SCIENCE DEPARTMENT

Courses:

Science teaching in the school follows the pattern set out in the recommendations of the Department of Education and is, in general, similar to that in all New Zealand post primary schools.

Third and fourth forms undergo a course of General Science, usually five periods per week in preparation for the presentation of the subject at school certificate level. Biology at 5th form level is an additional science study available for school certificate. Beyond 5th forms specialisation in sciences commences with Chemistry, Physics and Biology being available to University Scholarship standard.

● **Spotlight on one of the Schools Departments.**

Laboratories:

Science, to be successful, must be a practical subject and in this respect laboratory space is at a premium. The school buildings include two laboratories one for General Science and senior Chemistry and the other for General Science and senior Biology.

Physics, the most precise of sciences, has been a homeless child having no real laboratory available. A prefabricated classroom has been utilised as a makeshift laboratory. With the inclusion of a laboratory in the new wing the lack of facilities will be to a large extent overcome.

Chemistry Department, headed by the acidic Mr Corbett:

Room C.1 is the "Chem lab", the home of retorts, test tubes and bunsen burners. This is an orthodox school laboratory with reasonable equipment. Presided over by Mr Corbett, it is kept clean and tidy by the voluntary assistance of laboratory boys T. Henry, Bruce Abbott, David Hodder, D. Zein and C. Johnson. Their excellent services in this respect are greatly appreciated.

Within this laboratory senior pupils receive instruction and practise skills which are a basic introduction to advanced work at University. To date the department has recorded few breakages of equipment, and no loss of pupils. Evidence of one experiment which went completely wrong can be found on the ceiling.

Physics Department, headed by dynamic Mr Gilbert:

With the appointment of an art teacher at the beginning of the school year, the physics section of the science department was moved from B.6 to A.4; the latter being a prefab with extended shelving to carry the equipment. T. Plumley was responsible for the plan of the alterations which was sent to the contractors.

Six boards projecting from the wall first meet the eye on entering the room. These are for the study of forces and vectors which

later finds application in electricity and its sub branches, magnetism, statics and dynamics. They were even found useful for the basic understanding of algebraic equations in junior mathematics.

Strange noises sometimes heard issuing from the room will, quite likely be δA . studying sound, using tuning forks, an air

column, a sonometer and, the latest acquisition, a Kundt Dust Tube for measuring the velocity of sound. This tube is now in use due to G. McKenzie's (3A.) effort in making a fine wooden base for it.

Difficulties have been experienced throughout the year, the major one being lack of heating facilities for experiments. Another has been the close proximity of the new building work with its associated noises especially the pneumatic drill which was used to excavate the trench for the heating pipes through five feet of rheolite.

Biology Department, headed by the nature girl, Mrs D. Robertson:

What is so odorous here where I walk by?

Is it the smell of scones burnt black

By the Homecraft girls? Or the Kinleith mills perhaps?

Or the Sulphur Dioxide and leaking gas taps in the Chemistry Lab.?

Or an air from a rotten silage stack?

None of these, none of these!

With apologies to Louis Golding.

Now, having introduced ourselves we hope that you will not be deterred by first impressions and that you will continue to read the following article. You may discover then, that there is a lot more to Biology than meets the nose.

It should be the object of every teacher of Biology to endeavour to convey to the pupils the concept that this aspect of science is the study of **living** things. We all realise of course, that there are certain basic principles to be learned in this subject, as in any other, which are extremely difficult, if not impossible, to demonstrate with living material. In these cases we must resort to using prepared charts, models and blackboard drawings. However, wherever practicable, we are endeavouring to illustrate our lessons with the actual "raw" material under discussion.

The teacher of a Third Form class will demonstrate the different systems in animals such as rabbits or white rats and frogs by dissecting one of these with the pupils. From the Fourth Form onwards pupils are encouraged to conduct their own dissections of insects, earthworms, fish snails, crayfish and birds. Fifth and Sixth form pupils are required to learn also the microscopic structure of many organisms and a certain degree of biochemistry.

Keeping in mind the meaning of Biology we have concentrated on stocking our laboratory with as many living animals and plants as possible. However, there is a limit to the amount of "live stock" that even a Biology Laboratory can accommodate, and it has been necessary to acquire parts of the school grounds for some of our projects.

In the laboratory itself, even the proverbial kitchen sink has been pressured into active service. Several of these and some large glass containers have been converted into fresh water aquaria and now house frogs, fresh water crayfish and many insects and plants. One pupil has presented us with a well established ant colony, in which the inhabitants can be seen doing the many fascinating things that keep ants so busy. Earthworms, snails and other types of small animals have been successfully established in other vivaria for the same purpose. However, perhaps our most popular inmates are the guinea pigs, white rats and mice of varied colours. These have proved such successful acquisitions to the department that we have been promised a special building to house them. To assist in the teaching of the different aspects of Botany there are numerous potted plants which occasionally contribute their perfumes to the atmosphere. Of course no Biology Laboratory would be complete without the musty appeal of a museum. Although none of these specimens can be regarded as being "alive" they, nevertheless, assist greatly in the teaching of the subject. The insects, sponges, shells, eggs, skeletons and insects, to mention but a few of the specimens, have been contributed mostly by pupils.

Outside the laboratory other projects are in operation or are being prepared. A fresh water aquarium, built by staff members

with the assistance of the boys in the 4 Practical Form, is almost completed. This is to be stocked with water plants and animals which are found naturally in the streams in Tokoroa. Intensive studies of the life in this aquarium is intended to supplement more extensive ones made on weekend trips to local streams. To provide material for those pupils more interested in the study of Botany than Zoology an area close to this pond is being planted in N.Z. trees and shrubs. This is to serve also as a memorial garden to senior biology pupils. Each pupil, past, present or in the future, who gains the highest mark of the year in 6A. biology will have a tree planted in commemoration.

Another outdoor activity introduced as an experiment this year is the subject of gardening. A small form of boys working in groups of three have cultivated, from rough pasture and weeds, very tidy vegetable plots. At present they have rows of healthy cabbages, broad beans and lettuces. Potatoes have also been planted. These pupils learn, in addition, the raising of seedlings, use of artificial fertilisers and the control of pests.

Very little of the work of this laboratory could be achieved without the enthusiastic and capable work of our assistants. These pupils voluntarily devote much of their own time, before and after school, in the lunch times and during vacations and weekends, to caring for the small animals, maintaining the aquaria, preparing experimental material and keeping the laboratory tidy, interesting and clean. Many past pupils have assisted in this respect. Our present assistants are:

John Wilkinson and Maureen Stables, senior laboratory assistants; David Stubbs, Jim Davey, Grant Robinson, Roger Morrissey, Barbara Whitehouse, Ann MacMillan, Gwynneth Sheldrake, Elizabeth Giles, Helena Wten.

To all these present and past pupils who have rendered such valuable assistance to this department I wish to record my grateful thanks.

Sports

RUGBY

J. Rennie (Capt.), V. Seymour, (Vice-capt.), M. Puke, P. McKellar, R. Ford, G. Lund, K. Taputu, E. Williams, B. Dunstan G. Riddle, A. Moetu, E. Sade, B. Coxhead W. Seymour, I. Cowley, A. Logan, A. McClymont, G. Rodley, R. Seymour, D. Uden B. Chambers, C. Anderson.

The team again had a good season with 13 wins, 4 losses and 1 draw; in scoring 285 points and conceding 107.

In the early stages of the season the team played in the local 3rd grade competition and convincingly defeated all teams.

Inter School Games:

- v. Hamilton Tech.—lost 3-0.
- v. Fairfield College—drew 9-9.
- v. Taupo College—won 17-9.
- v. Taupo College—won 27-3.
- v. Otarohanga College—won 13-6.
- v. Morrinsville College—won 8-6.
- v. Tamaki College—lost 3-13.
- v. Putaruru High—won 6-13, lost 6-18.
- v. Matamata College—won 14-8.
- v. Rotorua Boys High—lost 11-9.

The interschool season started badly, when a run of injuries left a depleted team to record the first loss ever against Hamilton Tech. However, this did emphasise that the team would be heavily out-weighted in all school games and wins would only come with superior fitness.

An immediate improvement was apparent, in an exciting draw with Fairfield, in which Tokoroa came from behind and equalised with a brilliant field goal by W. Seymour. From this point on, strong finishes became a feature of the team's play and several wins were clinched in the final 15 minutes.

For the first time ever, College day was held in Tokoroa and teams from all Waikato schools competed. As the main game, and before a large crowd, Tokoroa defeated Morrinsville 8-6 in an exciting and hard fought encounter. A. Logan demonstrated that he is the outstanding schoolboy back in the Waikato, by making one try with a brilliant break, and scoring another.

1st RUGBY XV 1963

Back Row: E. Sade, G. Rodley, C. Lund, A. Moetu, A. Logan, A. McClymont.
 Middle Row: Mr Loretz (coach), I. Cowley, G. Riddle, K. Taputu, D. Uden,
 M. Puke, W. Seymour, B. Dunstan.
 Front Row: B. Chambers, E. Williams, V. Seymour, J. Rennie (capt.),
 B. Coxhead, P. McKellar, R. Seymour.

GIRLS HOCKEY FIRST XI

Back Row: Mrs D. Robertson (coach) J. Luckstedt, L. Paddy, M. Kingsbury,
 C. Petersen, K. Kingsbury, M. van Balen.
 Front Row: M. Wilson, P. Wilkinson, S. Levin (capt.), A. Coles,
 C. Grounsell, M. Stables.

With regular games against strong teams the tackling and cover defence developed to a high degree, and this was particularly apparent against Morrinsville, Matamata and Rotorua. Rotorua had a powerful team with fast backs and very heavy forwards and they attacked strongly for the majority of the game. Outstanding defence kept the score to 11-9 to Rotorua, and except for a runaway try by Rotorua sprinter, J. Aratema, Takorooa may well have scored their first win against this school.

Representative Honours:

Junior Harlequins—A. Logan, B. Coxhead.

South Waikato—C. Lund, M. Puke, B. Coxhead, V. Seymour, W. Seymour, R. Seymour, A. McClymont.

Special mention must be made of the outstanding leadership J. Rennie has given the team over the past two years, both by his own play and by his approach to the game and to training.

Coach—Mr C. Loretz.

4th Grade 'A'

The 2nd XV had its best year ever in the history of school. This was partly due to a lower standard in the 4th Grade competition than in other years but more importantly due to a high standard of play throughout the team. In past years the team has had to rely on two or three outstanding players. This year the number of able players numbered more than the regulation. The team obtained plenty of ball in both lineouts and scrums. The backs ran hard and passed quickly and as a result numerous tries were scored particularly by the three-quarters. Some very large scores were run up in club competition. The only loss was at the hands of Marist whom the team had easily beaten earlier.

School games:

- v. Fairfield College—won 13-0.
- v. Putaruru High—won 9-6.
- v. Matamata College—drew 3-3.
- v. Mangakino High—won 3-0.

The interschool were mainly very even games. Only in the drawn game against Matamata was the team obviously on top. However a stout Matamata defence held our attackers out.

A number of players managed to bribe the selector and as a result made the South Waikato 4th Grade reps.

Coach—Mr D. MacDonald.

4th Grade "B"

As Takorooa High School was the only club with a "B" team in the Fourth Grade this season, we were the "Cinderella" of the grade and went through the three rounds of the competition with a succession of good hidings. Our best effort being a 3-all draw on one occasion

with Putaruru High School. However, the team never really lost heart and particularly towards the end of the season, played some good attacking football. Most of this was due to Fred Wirihana, our most outstanding player, and when he played up with the backs he was an inspiration to his team mates and a danger to his opponents. Bill Fowlie, the Captain, developed into a good halfback and was well supported in the backs by Stow, Wirepo, Hood, Withers and Morgan. Chris Clark, a useful forward took over as fullback half way through the season and played a sound game there. Lajunen was another good forward who was often called upon to play on the wing where he gave a good account of himself. The forwards suffered from frequent changes but Grouwstra hooked well and was supported in the tight and loose by Dawson, Wilson, Gibson, Bracegirdle, Taputu, Sloan, Deam and Ray Wirihana.

We were very pleased when we heard that Fred Wirihana was chosen to play for the South Waikato Fourth Grade Rep. team, a fitting end to his very successful season.

Coach—Mr B. Squier.

5th Grade "A"

The team, captained by L. Tai, had a very successful season winning the 5th Grade competition and conduct cups and retaining the challenge cup throughout the year.

The team played on College Day against Ngaruawahia High School 1st XV. Although the school is only in its first year the pick of 300 third formers meant that the 'A' team were easily outsized, however they played extremely well to come out winners 11-5.

The only game lost was the over ambitious fixture against Mangakino 2nd XV, who proved too big. The score being 19-8 to Mangakino.

The final analysis of the season was—played 12, won 10, lost 1, drew 1. Points for 215. Against 41.

Coach—Mr C. Gilbert.

5th Grade "B"

Size and weight are important factors in the game of Rugby and this year's 5th Grade Team was lacking in both. After a number of heavy defeats at the beginning of the season, it was decided to withdraw the team from the competition.

Coach—Mr K. Atmore.

6th Grade

The biggest difficulty facing the Sixth Grade this season was a shortage of players. On only a few occasions was it possible to field a full team, and in view of this the Grade's record is especially commendable. For the third year in succession the local competition, Championship and Challenge Cups went to us. The team

won every match played (including one in which our numbers were depleted to ten). In an exciting game against the Putaruru Champions we forced a win at 9-6 after twenty minutes extra time. Players who did consistently well in matches were Hoy (Captain), Turnwald and Russell.

Coaches—Mr K. Milton and Mr L. John.

SOCCER

The 1963 Soccer season saw a number of changes and improvements. We were promoted to the top ground which was (is?) a great step to better football. In the Mid-Island Winter Tournament Soccer was played for the first time. Also because more boys are realizing that it is skill and not size and weight that counts, we formed a Saturday morning competition. The teams in the competition were

Mangakino, Tokoroa, Intermediate School, Tokoroa High School, and Combinations Intermediate and High School players).

Third Division

This year instead of coming last we came third in the Deacon Shield. Six teams compete for this shield. We played 10 games, won 5 and drew 2, giving us a total of 12 points. In the subsidiary competition, however, we failed to register a victory.

1st XI

As yet in three years we have not won a game. Rotorua defeated us 12-0 and Mangakino whom we thought we might have beaten defeated us 5 goals to 2.

In the Rotorua game we managed to keep them out for the first 15 minutes, but with pressure always in the defence, Rotorua with its magnificent team work and switching of positions just had to start, then continue scoring goals. Our Captain, Peter Den Hond

put all he had into the game until the final whistle and the Rotorua Coach told both teams afterwards that Peter was the best player on the field.

Mid-Island Sports 7-a-side Tournament:

Two even teams were requested and were entered.

Results—

Mangakino 10 points	Tokoroa A 9 points
Putaruru 10 points	Tokoroa B 6 points
Rangitahi College 6 points	Mangakino B 4 points

NOTE: Individual training and ball control for the 1964 season commences on January 1st (if not before).

GIRLS' HOCKEY

This year the Piako Hockey Association introduced a competition for Secondary Schools on Saturday mornings at Matamata. A and B girls' teams were entered and benefited greatly from the regular games, the A team winning most of its games.

In addition to these the following interschool matches were played:

- Tokoroa A v. Otorohanga A—lost 1-0.
- " A v. Taupo A—drew 2-all.
- " B v. Taupo B—won 5-0.
- " A v. Matamata B—lost 4-2.
- " B v. Matamata C—lost 4-0.
- " A v. Mangakino A—won 3-2.
- " B v. Mangakino B—drew 0-all.
- " B v. Putaruru A—lost 2-0.

The A team finished the season by participating in a Secondary School girls' tournament held in the school holidays at Pukekohe. This was organised by the South Auckland Women's Hockey Association. Although our team was not successful in winning its grade it played some very good hockey.

It is felt that this sport is now well established in the school and with players who have been coached by Mr Barlow coming to us from the Intermediate School the standard of play should continue to improve.

BOYS' HOCKEY

B. Wallace (Captain), T. Plumley, R. Cameron, T. Henry, A. Tier, P. Erskine-Shaw, J. Davey, P. Lane, N. Smit, W. Hodder, W. Cunningham, D. Sawyer, N. Farmilo. Reserves: D. Hoods, M. Irskine-Shaw.

This year with the start of the Matamata competition the hockey team had a full programme of matches. As only two of this year's matches were home games much time was spent in travelling and on several occasions the team was not at full strength.

At the end of the season the team played the staff and were unlucky to lose 2-3.

Results—

- Matamata Tournament—1st equal (2 wins and draw).
- Mangakino 7-a-side Tournament—1st equal.
- v. Te Aroha—won 3-2.
- v. Taupo—lost 1-5.
- v. Otorohanga—lost 2-7.
- v. Matamata 'C'—won 10-0.
- v. Putaruru—won 3-2.
- v. Matamata 'A'—lost 1-4.
- v. Te Aroha—drew 2-2.
- v. Morrinsville—lost 2-4.
- v. Rotorua—won 5-2.

Matches played, 9; won 4, drew 1, lost 4.

SOFTBALL (Boys)

The Boys' Softball team played two games against Taupo in the 1962-63 summer. The first game at Tokoroa in December was won easily by Tokoroa when the big-hitting Tokoroa team outplayed the obviously more skilful Taupo team. In the second game at Taupo in March the same big hitters either failed to connect or skied the ball and skill won the day, for Taupo.

SCHOOL A BASKETBALL, 1963

From Left to Right:

Mrs Elder (coach), M. Dawe (captain), B. Swift, P. Hassall, S. Wright,
E. Kilburn, J. Watkins, B. Glass, B. Muir.

JUNIOR A BASKETBALL TEAM 1963.

From Left to Right:

Mrs McKenzie (coach), H. Hancock (captain), J. Cross, J. Bowker,
I. Reeves, L. McEwan, L. Pomare, Q. Whetu.

BASKETBALL, 1963

This year Basketball has been run on rather different lines to those of former years. School teams did not affiliate with the local club, but played on the school courts during Saturday mornings so that those who wished to, could join outside clubs for afternoon games at the Sports Ground Courts. Competition against other teams was provided in the form of inter-school matches.

The season began with trial games for all intending players. Teams were chosen and a draw made out for 8 senior and 4 third form teams. Numbers dwindled during the season as less enthusiastic members fell by the wayside, but the end of the season saw 5 senior and 2 junior teams enjoying well-fought games. The "finale" took the form of a Handicap Tournament, School B emerging victorious (if not somewhat conceited).

To most players, of course, inter-school matches provided the highlights of the season. These may be summarized as follows:

Mid Island Winter Tournament, Mangakino, June, 1963:

Six teams (School A, B, C, D Junior A and B) were entered, and played matches against Taupo, Mangakino and Rangitahi teams. The A team emerged third equal in the Senior Grade, the C team were runners up in the Intermediate and the Junior A were equal in the Junior Grade, with Mangakino A, the team which won the final game.

Other Inter-School Fixtures:

Matches were played against Putaruru High, Matamata College, Taupo College, and Mangakino D.H.S. In these games it could be seen that the Tokoroa teams, though often defeated, were improving rapidly, and, even more pleasing to the coaches, were playing good sporting basketball. The performances of these teams suggest that next year, Tokoroa will be winning many more games.

Weekend Trip to Tamaki High:

The two senior teams travelled to Auckland in July, for games against Tamaki. Result: A win for Tamaki in both games despite the best efforts of all players.

Sincere thanks are due to all teachers and pupils who helped in many ways to make the season enjoyable. May next year bring even better things.

INDOOR BASKETBALL BOYS

J. Rennie (Captain), V. Seymour, W. Seymour, R. Ford, M. Puke, C. Anderson, E. Sade.

This year Mr Peters left us and went and played in the Rotorua competition although he continued to coach us. We won our first ever trophy this season, the Knockout Championship, and were runners-up in the mens championship and the Handicap Trophy. This victory was well-deserved because of the nine trophies we have contested in the last three years we have won one and have been runners-up in six of the remaining eight. The team continues to impress with its fast-style of basketball based on sound team work.

J. Rennie, W. Seymour and V. Seymour gained representative honours and the remaining members all played good basketball. Played 24, won 19, lost 5. Points for: 612, against, 431.

SCHOOL GOLF CLUB

This years' golfing season for the juniors has been outstanding and owing to Mr Christie's help and consideration many players are rapidly reducing their handicaps.

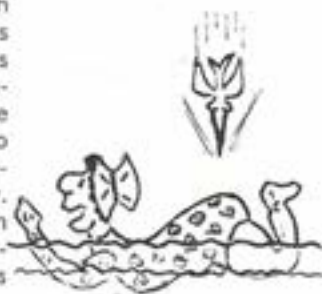

In the final round the juniors were invited to play and for some of them it was their first round with seniors. A prize, which was donated by a local player for the best score by the Juniors, was shared by Elizabeth Hulme, and Lee Hall. Prizes also went to the two best junior golfers throughout the season, Lorraine Rodley and Graham Lowry. Some of the better ones attended various senior golf tournaments during the season.

TOKOROA HIGH SCHOOL—SWIMMING SPORTS, 1963

These were held on Wednesday, 20th February. The weather was not so kind as usual but a programme of 82 events was concluded without anyone but the swimmers getting wet. Nine records were broken, four of them by K. Francis who becomes Intermediate champion and retains the "Swimmer of the Year" trophy.

A feature of the afternoon was an exhibition race by girls and boys of butterfly stroke and we hope to include this stroke in our championships next year.

Once again the School is indebted to the Tokoroa Swimming Club for the loan of their equipment and the use of their Club Room.

CHAMPIONSHIP RESULTS

GIRLS:

Junior:

- 100 yds. Freestyle: L. McEwen 1, A. MacMillan 2, M. Nicholas 3. Time 87 secs.
66 2/3 yds. Backstroke: M. Nicholas 1, A. MacMillan 2. Time 62 secs. (Record).
66 2/3 yds. Breaststroke: E. Boss 1, J. Eng 2, A. MacMillan 3. Time 77.2 secs.
100 yds. Medley: L. McEwen 1, M. Nicholas 2, A. MacMillan 3. 101.3 secs.
Champion: L. McEwen.
Runner-up: M. Nicholas.

Intermediate:

- 100 yds. Freestyle: J. Bakker 1, K. Kingsbury 2, P. Hassall 3. Time 85 secs.
66 2/3 yds. Backstroke: V. Davey 1, M. Kingsbury 2, K. Kingsbury 3. Time 61 secs.
66 2/3 yds. Breaststroke: M. Kingsbury 1, K. Kingsbury 2, C. Hulme 3. Time 65.5 secs. (Record).
100 yds. Medley: M. Kingsbury 1, V. Davey 2, S. Marsh 3. Time 97.9 secs.
Champion: M. Kingsbury.
Runner-up: K. Kingsbury.

Senior:

- 100 yds. Freestyle: J. Hassall 1, E. Davey 2. Time 93 secs.
100 yds. Backstroke:
100 yds. Breaststroke: J. Hassall 1, J. Giles 2. Time 104 secs.
100 yds. Medley: J. Hassall 1, J. Giles 2. Time 105.5 secs.
Champion: J. Hassall.
Runner-up: J. Giles.
Open 220 yds. Freestyle: T. Kingsbury 1, P. Hassall 2, M. Kingsbury 3. 3 mins. 52 secs.

BOYS

Junior:

- 100 yds. Freestyle: K. Evans 1, B. Gibson 2, G. Robinson 3. Time 68.8 secs.
66 2/3 yds. Backstroke: R. Clark 1, A. Dempsey 2, C. Clark 3. Time 57 secs.
66 2/3 yds. Breaststroke: K. Evans 1, A. Dempsey 2, M. White 3. Time 68 secs.

100 yds. Medley: A. Dempsey 1, G. Robinson 2, R. Clark 3. Time 93.9 secs.
Champion: K. Evans.
Runner-up: A. Dempsey.

INTERMEDIATE:

100 yds. Freestyle: K. Francis 1, G. Lee 2, S. Clark 3. Time 62.9 secs. (Record).
66 2/3 yds. Backstroke: K. Francis 1, R. Flutey 2, R. Seymour 3. Time 44.3 secs. (Record).
66 2/3 yds. Breaststroke: K. Francis 1, P. McKellar 2, K. Lajunen 3. Time 74 secs.
100 yds. Medley: K. Francis 1, G. Lee 2, S. Clark 3. Time 70.1 secs. (Records).
Champion: K. Francis.
Runner-up: G. Lee.

Senior:

100 yds. Freestyle: P. A. Stevenson 1, P. Lane 2, W. Seymour 3. Time 67.1 secs. (Record)
100 yds. Backstroke: W. Seymour 1, P. A. Stevenson 2, P. Lane 3. Time 85.4 secs. (Record)
100 yds. Breaststroke: N. Jonkers 1, G. Lee 2, P. Den Hond 3. Time 97 secs.
100 yds. Medley: P. Lane 1, P. A. Stevenson 2, D. Sawyer 3. Time 78 secs. (Record)
Champion: P. A. Stevenson.
Runner-up: P. Lane.

Open 220 yds. Freestyle:

Junior: K. Evans 1, R. Clark 2, G. Robinson 3. Time 2 mins. 54 secs.
Senior: K. Francis 1, P. A. Stevenson 2, P. Lane 3. Time 2 mins. 43.2 secs.

HOUSE POINTS

Gold House	245
Red House	244
Blue House	229
Green House	175

House Relays

Junior Girls Freestyle: Blue A 1, Blue B 2, Red 3. Time 73 secs.
Senior Girls Freestyle: Green 1, Blue 2, Gold 3. Time 72.2 secs.
Junior Girls Medley: Red 1, Green 2, Blue 3. Time 83 secs.

Senior Girls Medley: Gold 1, Green 2, Blue 3. Time 86.1 secs.
Junior Boys Freestyle: Gold 1, Blue 2, Red 3. 64.5 secs.
Senior Boys Freestyle: Gold 1, Red A 2, Red B 3. Time 56.3 secs.
Junior Boys Medley: Red 1, Gold 2, Blue 3. Time 82.2 secs.
Senior Boys Medley: Gold 1, Red 2, Green 3. Time 81 secs.

CHAMPIONSHIPS

Girls:

Senior Champion: Judith Hassall, 15 pts. Runner-up: Jennifer Giles, 6 pts.
Intermediate Champion: Mary Kingsbury, 14 pts. Runner-up: Katherine Kingsbury, 12 pts.
Junior Champion: Lael McEwen, 10 pts. Runner-up: Mary Nicholas, 9 pts.

Boys:

Senior Champion: P. A. Stevenson, 14 pts. Runner-up: P. Lane, 10 pts.
Intermediate Champion: K. Francis, 25 pts. Runner-up: G. Lee, 6 pts.
Junior Champion: K. Evans, 15 pts. Runner-up: A. Dempsey, 11 pts.

Records broken:

K. Francis—220 yds. Freestyle, 100 Freestyle, Backstroke, Medley (all Intermediate).
P. A. Stevenson—Senior Freestyle and Medley.
W. Seymour—Senior Backstroke.
Mary Nicholas—Junior Backstroke.
Mary Kingsbury—Intermediate Breaststroke.

WAIKATO INTER-SECONDARY SCHOOL SWIMMING GALA

Held at Hamilton on Saturday, 9th March, 1963

Tokoroa High School was one of the nineteen schools taking part in the inter-secondary school swimming championships on Saturday, 9th March. It was the first time that the School has been able to send a complete team to this event and that was made possible by the increased interest shown in swimming by senior pupils, thus enabling us to have a competitor in every event on the programme.

The standard of swimming among Waikato secondary school pupils continues to improve and a number of records were broken which meant that there was stiff opposition in every race. Although Tokoroa High School was in no way disgraced by their performance it was evident that those schools with their own baths or with all-

the-year-round swimming facilities had a big advantage in training over those without them.

K. Francis was again the most successful swimmer for Takoraa, getting through to the final in all his events where he was placed 2nd in the Intermediate Boys' 100 yds Freestyle, 2nd in the 66 2/3 yards Backstroke and 4th in the Open Boys' 33 1/3 yards Butterfly. K. Evans won his heat in the Junior Boys' 100 yards Freestyle and finished 4th in the final, while Judith Hassall won a place into the final of the Senior Girls' 100 yards Medley but was unable to obtain a place at the finish.

The following were placed in their heats but were not fast enough to qualify for finals, the finals being the six fastest in all the heats: Jennifer Giles 2nd, Senior Girls' 66 2/3 yards Breaststroke; Elizabeth Davey 2nd, Senior Girls' 66 2/3 yards Backstroke; P. A. Stevenson 3rd, Senior Boys' 100 yards Freestyle; Tina Bakker 3rd, Intermediate Girls 100 yards Freestyle; Vivien Davey 3rd, Intermediate Girls' 66 2/3 yards Backstroke; Mary Nicholas 3rd, Junior Girls 66 2/3 yards Backstroke.

In the relays our teams found the opposition too strong in all grades and none of them was able to reach the final.

It was very gratifying to see so much enthusiasm shown by competitors (especially those whose only event was a relay) and spectators (parents and pupils) who travelled so far to swim or to encourage others to swim. "The important thing is not to win but to take part in these games".

The full teams were:

Girls:

Senior—J. Hassall, J. Giles, E. Davey, K. Hoy.

Intermediate—T. Bakker, K. Kingsbury, M. Kingsbury, V. Davey, P. Hassall.

Junior—A. MacMillan, L. McEwen, E. Boss, M. Nicholas, V. Christiansen.

Boys:

Senior—P. A. Stevenson, N. Jonkers, P. Lane, M. Woodward, A. McClymont, D. Sawyer.

Intermediate—K. Francis, G. Lee, S. Clark, P. McKellar.

Junior—K. Evans, B. Gibson, R. Clark, A. Dempsey, G. Robinson.

GYMNASTICS

The gymnasts would like to thank Mr Peters, for helping in the badge and display work, and Mr Christie and Mr Molleman for their help in remaining gymnastic activities.

Badges:

Iron

Jean Marsh	Heather Farmillo	Sonya Marsh
Isobel Reeves	Margaret Sloan	Margaret Wallace
Gaylene Ogilvy	Dianne Jones	Ann MacMillan
Lael McEwen	Virginia Withers	Ellis Laugeson

Bronze

Helena Wren	Katherine Kingsbury	Mary Kingsbury
Kathleen Hughes	Christine Hume	Vivienne Davey
Beverly Richards	Leneke Smit	

Colleen Uden also gained a leadership badge.

School Championships

Junior Girls:

Jean Marsh 1st
Judy Cunliffe 2nd
Gayleen Ogilvy 3rd

Junior Boys:

Richard Ferguson 1st
Ray Harpur 2nd
Victor Campbell 3rd

Senior Girls:

Coleen Uden 1st
Helena Wren 2nd
Kathleen Hughes 3rd

Senior Boys:

Rex Richards 1st
Kevin Francis 2nd
Kai Lajunen 3rd

TENNIS CHAMPIONSHIPS, 1963

The school tennis championships were started on Saturday, March 30th and finished in sports periods during the following week. Although the weather looked very threatening on the Saturday there was no time lost through rain. By 6 o'clock on Saturday all doubles finals and two singles finals had been played. The remaining singles semi-finals and finals were completed on Wednesday April 3rd.

Entries this year were good in the senior sections but were poor in the junior sections. If this pattern continues it might become necessary to have an open championship only without division into junior or senior.

Champions for 1962-63 are:

Singles

Senior Boys—D. Uden Junior Boys—D. Houltham
Senior Girls—B. Swift Junior Girls—V. Dawe

Doubles

Senior Boys—G. Rodley and W. Seymour
Senior Girls—B. Swift and M. Dawe
Junior Boys—D. Houltham and G. Lowry
Junior Girls—J. Campbell and V. Dawe

TENNIS

Tokoroa v. Taupo:

Girls Singles Team—B. Swift, M. Dawe, V. Dawe, P. Wilkinson.
Won 4, lost 0.
Boys' Singles Team—G. Rodley, C. Anderson, I. Cameron, R. Ford. Won 2, lost 2.
Girls' Doubles Team—B. Swift, M. Dawe, V. Dawe, P. Wilkinson.
Won 2, lost 0.
Boys' Doubles Team—G. Rodley, C. Anderson, I. Cameron, R. Ford. Won 2, lost 0.
Mixed Doubles Teams—G. Rodley, B. Swift, C. Anderson, M. Dawe, V. Dawe, I. Cameron, R. Ford, P. Wilkinson. Won 4, lost 0.

The inter-school tennis match against Rangitoto College at Tokoroa, was played on the 21st March in perfect weather conditions. Several of the games were closely contested and there was a fine display of sportsmanship.

After only winning three matches last year, the Tokoroa team went into an early lead and scored the majority of wins in the singles. Rangitoto's last minute run in the mixed doubles came too late and Tokoroa won.

Games for, 21; games against, 14.

TENNIS CHAMPIONS, 1963

Back Row: G. Lowry, D. Houltham, G. Rodley, D. Uden, W. Seymour.
Front Row: J. Campbell, V. Dawe, B. Swift, M. Dawe.

1st XI CRICKET

Back Row: G. Peters (coach), E. Williams, E. Sade, B. Squier, J. Malsey,
D. Uden, A. Alexander.
Front Row: A. Boss, V. Seymour, B. Chambers (captain), P. Jackson,
D. Houltham, B. Coxhead.

CRICKET

As in previous years, the 1st XI, with Mr Peters as player-coach, played in the South Waikato Senior Competition. This is the first year that some creditable wins can be shown.

The regular members of the team were Mr Peters (Captain), B. Coxhead, P. Jackson, B. Chambers, E. Sade, D. Houltham, V. Seymour, A. Alexander, A. Boss, B. Squier and R. Hunter.

Seven boys played for the South Waikato Colts: Jackson, Sade, Coxhead, Houltham, Alexander, Boss and Chambers.

P. Jackson was named the most improved player of the year in the South Waikato Competition

Competition Results:

- v. Kinleith
First Round—1st innings loss; Second Round—outright loss.
- v. United
First Round—1st innings win; Second Round—1st innings loss.
- v. Wanderers
First Round—1st innings win; Second Round—Outright win.
- v. Tokoroa
First Round—1st innings loss; Second Round—1st innings loss.
- v. Atiamuri
First Round—1st innings loss; Second Round—1st innings loss.
- v. Pirates
First Round—1st innings loss; Second Round—Draw.
- v. Administration
First Round—1st innings loss; Second Round—Outright win.

Inter - School Games:

- v. Taupo, 6th December, 1962.
Taupo, 104 (notable bowling: Sade 5-37).
Tokoroa 86-7 (notable batting: Hunter 17 no.o.).
Result—Draw.
- v. Taupo, 27th December, 1962.
Tokoroa 133-7 declared (notable batting: Chambers 44).
Taupo 85-7 (notable bowling: Williams 3-12).
Result—Draw.

SCHOOL ATHLETICS

Senior Girls:

- 75 yards: M. Dawe 1, G. Petersen 2, J. Hassall 3. 9.9
- 100 yards: M. Dawe 1, G. Petersen 2, M. McMenamin 3. 13.2
- 220 yards: M. Dawe 1, A. Coles 2, M. McMenamin 3. 31.6
- Hurdles: J. Hassall 1, S. Levin 2, D. Walters 3. 14.4, record.
- High Jump: J. Hassall 1, B. Swift 2, C. Hulme 3. 4' 2½", record.
- Long Jump: M. Dawe 1, S. Levin 2, C. Hulme 3. 13' 0"
- Shot: D. Moorhouse 1, B. Swift 2, H. Bright 3.
- Discus: H. Bright 1, J. Henry 2, D. Moorhouse 3. 60' 2"

Intermediate Girls:

- 75 yards: J. Molesworth 1, J. Luckstedt 2, J. Campbell 3. 9.7
- 100 yards: J. Molesworth 1, L. Grant 2, J. Luckstedt 3. 12.5
- 220 yards: L. Grant 1, J. Luckstedt 2, M. Wallace & D. Jones equal 3. 29.7
- Hurdles: D. Jones 1, J. Campbell 2, L. Grant 3. 15.6
- High Jump: L. Smit 1, M. Kingsbury 2, T. Bakker 3. 4' 3"
- Long Jump: J. Campbell 1, L. Grant 2, D. Jones 3. 12' 11½"
- Shot put: J. Luckstedt 1, S. Morris 2, C. Ashworth 3. 21' 0"
- Discus: J. Luckstedt 1, L. Grant 2, D. Marriott 3. 75' 3½"

Junior Girls:

- 50 yards: V. Dawe 1, D. Shepherd 2, M. Sloan 3. 7.0
- 75 yards: V. Dawe 1, D. Shepherd 2, K. Hughes 3. 10.1
- 100 yards: D. Shepherd 1, V. Dawe 2, M. Sloan 3. 13.0
- Hurdles: D. Shepherd 1, V. Withers 2, I. Reeves 3. 16.0
- High Jump: I. Reeves, J. Cunliffe 2, M. Sloan 3. 4' 4"
- Long Jump: D. Shepherd 1, L. Phillips 2, L. Pomare 3. 12' 7½"

Senior Boys:

- 100 yards: A. McClymont 1, J. Rennie 2, R. Cameron and V. Seymour equal 3. 11.2
- 220 yards: A. McClymont 1, M. Puke 2, R. Cameron and R. Anderson equal 3. 25.0
- 440 yards: G. Rodley 1, J. Rennie 2, R. Cameron 3. 57.0
- 880 yards: G. Rodley 1, R. Seymour 2, C. Lund 3. 2-8.0

Mile: G. Rodley 1, R. Seymour 2, C. Lund 3. 4-46.2
 Long Jump: V. Seymour 1, C. Lund 2, A. McClymont 3. 17' 10"
 High Jump: W. Seymour 1, G. Rodley 2, P. Jackson 3. 5' 1 $\frac{1}{2}$ "
 Record.
 Hop, Step & Jump: C. Lund 1, G. Rodley 2, V. Seymour 3.
 41' 8", Record.
 Shot put: A. McClymont 1, E. Sade 2, W. Seymour 3.
 Discus: M. Puke 1, W. Seymour 2, P. Tuagalu 3. 98' 3"
 Hurdles: V. Seymour 1, J. Rennie 2, R. Richards 3.

Intermediate Boys:

100 yards: R. Dolman 1, G. Harpur 2, C. Logan 3. 11.4
 220 yards: G. Harpur 1, R. Dolman 2, T. Henry 3. 25.8
 440 yards: T. Henry 1, T. Mischewski 2. 60.0
 880 yards: T. Mischewski 1, B. Dunstan 2, I. Cameron 3. 2-30.5
 Mile: R. Spence 1, M. Eng 2, S. Clarke 3.
 Long Jump: B. Dunstan 1, R. Dolman and P. Thomas equal 2.
 15' 5"
 High Jump: R. Spence, B. Dunstan 2, G. Lee. 4' 8 $\frac{1}{2}$ "
 Hop, Step & Jump: T. Henry, H. Tai, G. Harpur. 36' 3 $\frac{1}{2}$ "
 Shot put: I. Cowley 1, M. Anau 2, K. Francis 3. 31' 1 $\frac{1}{2}$ "
 Discus: M. Wright 1, K. Francis 2, C. Anderson 3. 99' 8"
 Hurdles: R. Dolman 1, T. Mischewski 2, D. Thompson 3. 19.0

Junior:

100 yards: B. Sampson 1, L. Hall 2, R. Carr 3. 12.5
 220 yards: B. Sampson, W. Machen, G. Wairepo. 28.5
 400 yards: W. Machen, M. Lyons, R. Carr. 64.2
 880 yards: W. Machen 1, R. Lund 2, M. Parry 3. 2-50.6
 Mile: R. Lund 1, G. Wairepo 2, B. Gibson and R. Ferguson 3.
 5-31.0
 Long Jump: B. Sampson 1, G. Wardell 2, D. Hoy 3. 13'-0 $\frac{1}{2}$ "
 High Jump: R. Lund 1, G. Baldwin 2, R. Carr 3. 4' 1"
 Hop, Step & Jump: R. Lund 1, R. Ferguson 2, G. Wairepo. 31' 6"
 Hurdles: B. Sampson 1, R. Motley 2, A. Dempsey 3. 14.7

Championships:

Senior Boys—G. Rodley 1, A. McClymont 2, V. Seymour 3.
 Intermediate Boys—R. Dolman 1, T. Mischewski 2, T. Henry 3.
 Junior Boys—B. Sampson 1, R. Lund 2, W. Machen 3.
 Senior Girls—M. Dawe 1, J. Hassall 2, C. Peterson, D. Moorhouse, H. Bright and B. Swift equal 3.
 Intermediate Girls—J. Luckstedt 1, L. Grant 2, L. Campbell and J. Molesworth equal 3.
 Junior Girls—D. Shepherd 1, V. Dawe 2, I. Reeves 3.
