## EDITOR'S NOTE

It has been said that there's nothing quite like a new challenge.

The production of this year's school magazine has certainly proved a challenge for our mainly student committee, led by a novice editor.

In spite of the inevitable frustrations, I have thoroughly enjoyed the whole exercise. The opportunity to create, to experiment and work with such a positive, enthusiastic student committee has made it a satisfying job for me.

I believe that any school magazine needs as much student input as it can get, but it is essential that the students are not satisfied with anything less than their best. Our committee has striven for excellence and given of their best.

If that excellence hasn't always been achieved, then that is unfortunate, but I have nothing but praise for the team responsible for TAHI 1987. We all gave it our best shot and learned much in the process.

# Staff Notes (Or "What You Will") – 1987

Three persons of the gender male I hail;  
And others too who leave us at this time,  
To flit away to climes perhaps more green,  
But hardly more sublime?  
I think of three, hirsute the twain,  
Hispid and furry naped; the other smooth.

Granville there be, his parting grows apace,  
Energy is fuelled to keeping an hairy face.  
Strange potions, flasks and vials are his  
domain,  
An alchemist's cellar would be his brain  
Where festers humus of considered atomic  
weight.  
This sage we'll miss as with gravelled voice  
Full many a ditty of verse he'll sing,  
Plucking a melancholy string, in dialect  
strained.  
No dry eye in the house is spied,  
As tears of glee enjoy the crudity.

Where three gymnasts (or more) together are  
In paddock green, a thicket be; or so we'd  
think.  
In Doug's bailiwick there's many an athletic  
quip,  
When there's a question of diverse lip.  
To be quite frank what do we see?  
A hairy little man whose eyes peek darkly  
From a whiskery well tendered face.  
(No doubt it yet grows wild in some other  
place).  
So lithe of limb, of stature short,  
He, nonetheless, is a mighty sport.  
Enjoying life while he is here,  
He leads the girls in healthy dance.  
To Frank then, and to Donna, 'Esperance!'  
Until Canada falls, till Niagara's dry,

## Farewell from Granville

November 19th 1984 – will leave an indelible mark  
on my mind – the day I started at Tokoroa High School!  
I will remember the look of amazement on Geoff  
Burrige's face on the day I came for an interview. Dripp-  
ing wet motorcycle gear hastily stripped off in Geoff's of-  
fice to reveal a 3 piece suit – proper standard to start  
with!

One of the highlights for me in the first few weeks  
was the indoor cricket – We had wine, smoked trout  
and cucumber sandwiches served by a limping Trevor  
Casidy half way through our fielding and batting stints. In  
my first three weeks here I received many awards like the  
Homai College Award for the "Best Walk in Blind Perfor-  
mance of the Year" and for the first of many times the  
"Black Hand" for 'breaking' into Mr Burrige's house at  
4.30 a.m.

In leaving I would like to thank many people for tak-  
ing me fishing, hunting, tramping, camping, sailing etc  
but most of all for the genuine warmth and human feel-  
ings to be experienced at Tokoroa High School.

Or, dare we say, the Eskimos' knell?  
A glittering eye holds us in thrall,  
No wedding guests we, but staff 'n all.  
Homo Australis could it be, or but a wandering  
voice?  
So when he speaks the strident strains of strine  
are heard,  
No limpid thrush's trill, but kookaburra's  
nasal twinge.  
'Gloria Soame' for 'glorious home', 'muncer  
go'  
Means 'months ago'. 'Tis Gary standing tall.  
The tresses fair, the sun tanned look of Bondi  
shore,  
Enhances this svelte dresser in colours motley.  
This son of Oz, a stubby's foster son,  
A ringer that he be, an Ocker through and  
through;  
God bless you sports, you're good mates too.  
There may be more to leave at end of year.  
So 'Ave' folks, who'er you are,  
Health and wealth be yours and thine.

Mr Collins was to write a minor dossier on himself in this  
space but found that task overwhelmingly cumbersome.  
In its stead he has devised a minor slice of prose to ex-  
press his feelings and thoughts about being in Tokoroa in  
lieu of Townsville.

## FAREWELL FROM GARRY COLLINS

As mist and rain fall incessantly on the tin roof of his small, cold  
flat, Mr Collins waits and dreams of the glow and warmth of the lost  
sun.

Townsville with its high humidity and ever present sunshine is a  
constant nagging memory.

When the sun is out in Tokoroa, it is a bit like having a dartboard  
without having any darts. The comparison being that the sun is out but  
it has no real warmth.

This is what Mr Collins is thinking:

Thinking of the tropical beachfront with its warming trimmings of  
faithful hound and friends close by.

Thinking of winters which only last for three weeks then scurry  
from unwanted sight until next year.

Thinking of wearing only shorts instead of the plethora of under  
and outer garments which keeps his chilled bones in working order.

That is what Mr Collins is thinking; but wait!

He may be thinking of these things but what he is feeling,  
especially now at the end of the year is the warmth that pervades his  
soul and inner being. The warmth engendered by his peers together  
with the warmth of the students of this school with whom he has been  
lucky enough to spend this year, leaves Mr Collins leaving you all with  
very warm feelings.

Editor: We're getting hotter by the minute.

## FRANK GRAHAM

Mr Graham will return home to British Columbia at  
the end of this year to grow taller and cultivate his beard.  
He will send a replacement Canuck as soon as possible.  
He may be back eventually when he is taller than all his  
students and has grown a beard like Mr Woodley's.  
Meanwhile, he will teach all his students in his new  
school to say "Kia Ora" and to drive on the left-hand side  
of the road. He will always remember his year at Tokoroa  
High and in New Zealand. Au revoir to students and staff  
alike.

## Principal's Message

This year will be remembered for the fire that destroyed C Block in February. Many staff and students have worked under extreme difficulty since then. All of us have been affected.

I prefer to remember the year for the determination, courage and sense of purpose that has been shown by so many in coping with these problems. The help and support of the community at large is also memorable.

Now we all look forward to the exciting possibilities and the challenge offered in developing and working in our new facilities. At the same time, we all must bring determination, energy and unity of purpose to the task of

dealing with the destructive attitudes and self-destructive state of mind that infects so many of our people — where nothing is important and nothing is worthwhile doing. It is too easy to be judgmental and condemn, and the consequences of doing nothing are disastrous.

Just as our new buildings at the centre of the school will remind us of a destructive fire, they must also be a reminder of the REAL challenge in front of all of us as a school — teachers, learners, parents, school and community — the challenge of people.

### Kia Ora! Talofa Lava! Greetings

This year has proved to be a challenging and difficult year for the school. The Principal, teaching and non-teaching staff of the school, are to be congratulated for their sterling efforts, despite the difficulties. Members of the Board wish to thank Mr John Lambert and senior staff members for their leadership and strength.

On behalf of the Board and school, I wish to pay tribute to the work of Mr Neil Dravitsky and Mr Brian Edhouse, past members of the Board, now residing out of Tokoroa. Their dedication and support assisted in establishing a happy working relationship among all members.

I welcome Mr Alesana Letoa as a new member. He is a Samoan leader, a Matai, whose interest in education and all youth will bring new dimensions to future work.

Congratulations to senior students for the awards gained. May the successes of school life challenge you and urge you to seek further success at tertiary education centres.

To the principal, staff, students and parents, have a joyous Christmas season.

# THE FIRE

It was the last day of February for 1987. The time 3.30 am. While I was sound asleep in my warm bed, two fourteen year old girls were lighting a fire in the cooking room of Tokoroa High School's 'C' Block. Just over eight hours earlier a fire had been doused by the Tokoroa Fire Service in Room 5 of C Block.

Totally ignorant of the fact, I went about my Saturday morning routine, until I heard a bulletin on the radio. I only heard a bit of the bulletin and wasn't sure if I had heard correctly. Later on that morning one of my friends rung me up to give me the details. She told me that 'C' Block had been totally destroyed by fire. It was hard to believe, but she had seen it, so it must have been true.

I resisted the urge to rush down to the school to have a look, but at two o'clock I could resist it no longer. I quickly walked to the school and as I approached 'C' Block, or what was left of it, I slowed my pace, trying to take in the magnitude of the scene before me. It was horrific, the stench was so strong it almost knocked me out. Charred remains of classrooms shadowed the teachers who were trying to clean up. I walked around 'C' Block in silence, surveying the damage. I was horrified that anyone would want to do such a thing. I thought of all the things that were wasted needlessly. What a list! Books, maps, desks, chairs, it could go on forever.

On Monday morning, the school was buzzing with rumours about when and how it was started. Our Principal, Mr Lambert, put most of these rumours to rest with his speech at the school assembly that morning. He became emotional when remembering the destruction that had occurred.

My tutor room and geography room had been flattened by the demolition crew that had been employed to clean up, so my class was relocated to the Senior Common Room. Hundreds of other students also had to be relocated. The school used any spare space that was available to cope with the problem.

I don't believe what the arsonists did was right, but it shows that it takes a disaster before any progress is made. For example, the resources of the various departments were old and insufficient to cope with the demands of the classes and yet now there are stacks of new, up-to-date text books available. When all things are weighed up, this disaster could turn into a blessing in disguise.

TRACY MEARS

# THE FIRE

## REINCARNATION

Rising from the ashes,  
Where C Block once stood,  
Is a new block of classrooms  
Being built out of wood.

As the Phoenix was reborn,  
So too will be our school.  
Putting behind it memories,  
New ones emerging, sparkling like jewels

But always in our minds,  
We will remember the day  
When our block of classrooms  
Paid off any debts they had to pay.

To our school  
The pupils and the staff,  
Who shared alike,  
The pain that seared the heart.

As we saw the flames,  
Ravage through the rooms,  
Destroying the school's history  
In thick smoky plumes.

But as the Phoenix rose,  
From the dust and flames,  
So too will C Block  
Face the world again.

## C BLOCK BLUES

The Teachers of 'C' Block  
were very mad  
but deep in their hearts  
you could see they were sad.  
As the teardrops fell day by day  
their memories will never ever fade away,  
They have memories that they will never forget  
Cos their 'C' block will be a new 'C' block yet.  
When the day comes tomorrow  
We will live with your sorrow.  
Well my friend where you may sit or lie  
give the sorrow a miss and say goodbye.  
Cos when the sun shines and the sky goes blue  
remember that 'C' block will always love you.

# FAREWELL TO LES MACASKILL

*Les Macaskill was liaison Inspector from 1978 to July of this year when he was appointed Principal of St Peter's College, Palmerston North.*

*Les humanised the bureaucracy he represented. His gentle approach to all, from the lowliest AI to whoever occupied the Principal's chair won him the accolade of friend.*

*"A man he was to all the country dear."*

*He bore with us the vicissitudes of the past few years and equally shared the triumphs of the school. He*

*publicised the farsightedness of our curricula developments particularly in Reading.*

*"... in his duty prompt at every call,*

*He watched and wept, he prayed and felt for all."*

*His visits gave one a sense of reassurance, his acumen respected, his criticism valued, his advice enthused.*

*"He tried each art, reproved each dull delay, allured to brighter worlds, and led the way."*

*It is with considerable affection that he will be remembered; whether leading an In-Service course or chatting in the staffroom.*

*"His looks adorned the venerable place;*

*Truth from his lips prevailed with double sway, And fools, who came to scoff, remained to pray."*

*A ready wit, a love of language, a sense of justice, a commitment to others, it's certainly St Peter's gain!*

*"His ready smile, a parent's warmth expressed, Our welfare pleased him, and our cares distressed."*

## OBITUARY

### MR HARTLEY EMMETT

It is with sadness that we record the death this year of Hartley Emmett. For many years Mr Emmett was Property Supervisor for the Department of Education in Hamilton and in this capacity he did much to improve the lot of Tokoroa High School.

His reliability and cheerful disposition will be long remembered by all who knew him.

# CONGRATULATIONS

## KRYPTON FACTOR

Mr Shaun Cantwell, a Tokoroa High School mathematics teacher, was one of twenty-four lucky New Zealanders who was selected from over five hundred applicants to compete in the 1987 Krypton Factor competition.

The competitors had to excel in five very testing areas which included Mental Agility, Observation, Army Assault Course, Puzzle and General Knowledge.

Much to the delight of Tokoroa High School and the Tokoroa community, Mr Cantwell convincingly won his first heat and went on to gain second place in the semi-finals.

We all congratulate Mr Cantwell on his fine effort in this very demanding competition.

## Richard's Road Safety

Richard Gooch was selected from nine regional winners of a road safety competition to receive the national prize of a 10-speed bicycle.

The competition required entrants to answer a series of questions based on road safety regulations, first aid procedures and road safety precautions.

Rather than just answering the questions Richard drew diagrams to help explain — a point his mother, Mrs Betty Gooch, believes was one of the reasons he did so well.

## "Wizards Of Quiz"

Is a new title, four members of the staff will wear with pride for the coming year. Jan Gee, Trevor Bentley, Derek Rothwell and Mat Barclay, competed successfully as a quiz team in a new competition introduced by the Little Theatre on Halloween Night. Dressed appropriately as three wizards and a witch, the team competed against twenty one other teams, outstripping even their closest rival, the Tokoroa Rotary Club on 60 general knowledge questions. The staff team's chosen charity, benefited by one hundred dollars; the value of the main prize.

## WINSTON CHURCHILL FELLOWSHIP

*We all join in congratulating Mr Trevor Bentley on being awarded a "Winston Churchill Fellowship" to study aspects of Adult Education Programmes in Pacific Island countries.*

*Early next year, Mr Bentley will visit Tonga, Nuie, Cook Islands, Western Samoa, Fiji, and Hawaii as part of a four week study tour. We extend our best wishes to Mr Bentley for a most successful tour.*

## ORATORY SUCCESS

Talented Tokoroa High School student David Cowan, who has a flair for Maori language, says he hopes to eventually return to the town as a teacher.

David, a sixth former placed third in a national Maori speech contest last week, says he wants to put something back into the South Waikato community and repay the help he has received from the people here.

He was one of the few Europeans to enter the Pei Te Huurini Jones competition — but one of the best overall.

And his address of "Where is the medicine for the Maori People?" earned him third place in the finals at Tauranga last Friday against 11 contestants in the senior category.

It's been an exciting time for David, who spent some time during the last school break as a guide for Te Maori at Auckland.

David's next aim is to attend teachers' college at Waikato University next year, and to major in Maori studies.

## Pania O-Te Whanau-A-Noa

**The highlight of Pania Papa's netball career came this season when she was selected for the New Zealand Young International Squad (Under 21 years).**

**Pania is the first netball player from the South Waikato to receive this honour and at the age of 17 years she is one of the youngest members in the New Zealand team.**

**Netball is not the only field that Pania has won acclaim in. In 1985 she was 2nd in the NGARIMU V.C. national essay writing competition and in 1986 she won the 6th Form section of this same competition.**

**Maoritanga has always been precious to Pania and she has played an important part in the life of Te Whanau-A-Noa. The school congratulates Pania on her latest success and wishes her well for the future.**

## Japanese Experience

Along with five other N.Z. teachers, Mr Murray Olsen was selected to visit Japan in July at the request of the Department of Education and the Japan Foundation as part of a three week study tour.

Living with Japanese families, visiting education centres, sight-seeing in Kyoto, Hiroshima and the mountain areas of Nagaro, eating Sushi and living the high life were all part of an unforgettable educational experience for the lucky "five".

## SCIENCE FAIR

The Waikato Science Fair was held from July 23—25 at Claudelands Showgrounds in Hamilton.

Tokoroa High School entered eighteen projects, the work of twenty-seven enthusiastic students.

A 6th Former, Craig Malins, won the Senior experimental section with his entry on 'Arrow Velocity' which was inspired by his weekend involvement in archery.

Science teacher Mrs Kath Woodlely was delighted with the response of Tokoroa High School to the Science Fair and commended everyone for the effort and enthusiasm which went into all projects.

*"I'm a great believer in luck and I find that the harder I work, the more I have of it"*

*Thomas Jefferson*

## THE COMPUTER CLUB

Under the guidance and control of the committee most notably Paul Trotman and Michael Pook, the computer club has been a hive of activity this year.

Much serious work has been done and many games played. The room seems to be full all the time.

If you want a chance to drive a racing car round Silverstone with all its thrills and spills, come to the Computer Room and try it out for yourself.

# WAIHI COLLEGE STUDENT EXCHANGE

While 'Exchange Students' are nothing new to Tokoroa High School, this is the first year that we have taken part in an organised student exchange with students from another New Zealand school.

Waihi College initiated the idea and Mrs Graham followed it through from this end. The result has been that six fourth form girls from Tokoroa High School were able to spend a week in Waihi. The girls who went in two 'shifts' — one of three students in June and three in October — attended Waihi College for the week and were billeted by Waihi families.

The scheme has been most successful and we extend our thanks to Mr Parrish of Waihi College and Mrs Graham of our school for making it happen.

Students who took part this year were:

## Tokoroa High School

Kathryn Gilchrist .....	Alison Orchard
Kathy Karauna .....	Renske Meyer
Cheryl Shailer .....	Erin Orchard
Matilda Rophia .....	Raylene Rehutai
Leannder Wawatai .....	Nikki Evetts
Rachel Doeg .....	Julie Redshaw

## Waihi College

## EXCHANGE STUDENTS 1987

We have hosted three full time exchange students this year and once again the whole exercise has been very worthwhile for the school.

**Chinatsu Saijo** and **Yoshimasa Tanaka** from Japan and **Rod McLean** from America, have become very familiar faces to us all.

Two of our Tokoroa High School senior students have been involved in overseas student exchange visits this year.

**Jane Beattie** arrived back in July after spending a year in Oregon, United States of America, and **Julius Leuii** had an equally great year in Wisconsin as part of and A.F.S. exchange.

**Richard Graham** is currently on a Rotary Exchange in Alberta, Canada and returns to New Zealand in January, 1988.

# 'SAY THE KIDS!'

'Say the kids!'.....

The school production 'SAY THE KIDS!' was voted the most popular play, by audiences at the Tokoroa Little Theatre's One-Act Play Festival in July this year. There were five other plays in the competition. Our entry was performed by a talented group of students from Form Four in the Cultural Studies Drama and Music Option.

Mrs Trebilcock produced the show and Mrs Graham was musical director.

The play was written by Bill Killen and Lynne Remmick of Auckland. It contained a series of hilarious scenes about children growing up and the music and dance routines were appropriately up-beat and snappy.

Everyone could identify with parts of the show especially the children in the supermarket or at school.

Two of the actors, Jason Bluett and Tina Singh, won the Best Actor Award for their performances.

But the whole troupe of actors should be complimented as well. They all displayed such enthusiasm and enjoyment for their parts that the fun of the whole play won every audience's support and acclaim. CONGRATULATIONS KIDS!

# FOREST SKILLS

Forest skills is a course that requires you to use the forest and the local community as the basis for your education. It is an alternative to school and provides opportunities to develop practical skills, social skills, good work habits and a practical approach to school projects. The course is run by Mr Gordon Leckey.

This year we have covered the following skills: releasing planting, pruning (2m, 4m, 6m), region, spraying, burn off. This scheme is pretty "choice", but very challenging to see if you can "hack" hard work. Every skill we've covered would always start off as difficult, but you learn to stick it out till the end. The crew this year is excellent. The crew's attitude is very impressive and really makes every skill worth doing.

Everyone hates going to the base, most of the time, because there you are doing written work. Written work is something hard to us, we would rather work in the bush than do written work. Every week when we're working in the bush Gordon always announces "worker of the week". That's when some of the crew really got stuck in.

The first day we worked in the bush I thought I wasn't able to finish this year, but that's the best thing about this scheme — "can ya hack?". The job I liked the best was the burn-off, because after all that smoke that hits your eyes, and after all that sweating, choking, coughing, you get a massive feed out at Kinleith. "Choice". The job I hated the most would be releasing, because it's boring. You have to walk a long way to get to where you are supposed to go and the scrub is pretty wicked. The tool you're mainly using is a slasher. The hills you have to go up aren't funny. But my general comment would be that this scheme is pretty "choice", and the crew is pretty excellent.

## INTER SCHOOL CHRISTIAN FELLOWSHIP 1987

The ISCF activities during 1987 have been centered on the Whare Kai. This meeting place was home for the weekly group, and a place to plan and participate in different activities, and eat toasted sandwiches. Thanks are extended to Mrs Maea, and Te Whanau A Noa for the permission to use their facilities during the year.

The 40 Hour Famine was held in Term 1, and seventy students stayed for the weekend of almost non-stop activity. The Ethiopian Famine and other world tragedies were in mind, and over seven-hundred dollars was given for the World Vision immunisation programme. Our special thanks to the Physical Education Department for using their facilities for the famine. And thanks also to Mrs J. Hunt, and other parents and

senior students who contributed their help.

Kevin Mudford's visit to the school, and the Samoan Y.W.A.W. group's concert were two occasions that were held together with the Tokoroa Te Hou Ora clubs. A large number enjoyed both occasions, and thanks go to Te Hou Ora, and to the teaching staff for their help.

Jesus is a powerful force in shaping people's lives, in building values and contributing to self worth. These ideas are only slowly learnt, often informally. The ISCF meeting is one occasion which can contribute to this learning, and help people establish themselves and their ideas and values.

# THE RELUCTANT TYPIST.

Kimberley Pottnell.

In the typing class I sit, surrounded by the clicking of machines. The voices of several girls pass me by, I no longer want to listen to the chatter of the jaws. I want to be where there is no racism, no poverty, no pollution, only peace and quiet away from the hungers of life. Wild flowers range freely over hills, every one can do what they wish for as long as they live, and no murder or robbery ever comes about.

It is an impossible utopia, a dream world where only I can venture. I can take anyone I wish with me and they do as my imagination tells me.

## Commerce Department

In January one of the typing rooms was upgraded to cater for electronic typewriters. After the fire a second room was also upgraded, and this is being used by the Clothing Department until the new buildings are complete.

The year has again seen a large number of students successful in passing NZ Trade Certification Board and Pitmans typing examinations and T-line Shorthand examinations. Congratulations to all these students.

Form Six Economic students went on a field trip to Kinleith earlier in the year to see first-hand all that is involved in production. Our two Form Five Economic Studies classes have been on correspondence under the watchful eye of Mrs Jeanette Heath. Students have coped well with this challenge and we thank Mrs Heath for the support and encouragement she has given.

To avoid timetable clashes the Form Six Accounting class has been held during the lunch hour. Well done class, especially to Rick and David who saw this as some sort of detention.

BALD IS  
BEAUTIFUL

The Senior Ball was held at the Timberlands Hotel on the 8th of October. I had been very nervous before the night. A lot of my friends were helping me find a dress and we were always talking about the ball in class. Everyone was excited!

The great day came. I made myself up, wore a very beautiful pink dress and white shoes. All things were the first time for me. At the Timberlands, everyone was really beautiful! I felt as though I was watching a classic movie. My partner treated me very well. We had a very nice meal. We danced after dinner. There was some waltz music and a lot of rock music.

A lot of teachers were dancing as well. Some teachers danced very well, and some of them looked funny.

On the way home from the ball, I took my shoes off because my feet were very sore ... I was not used to wearing high heels.

I really enjoyed the Senior Ball and it will be one of the most exciting and impressive memories of my year in Tokoroa.

# The Gold Panner

An adolescent boy crouched, hidden amongst the water fern watching 'The crazy old man of the Manawatu Gorge'. Stooped over, in knee-depth icy water was an old man, bedraggled beard, ragged hard-worn clothes, and a face so wrinkled it seemed to be as old as the gorge itself.

"The man's just a harmless old fool," everyone had said. "No one pans for gold in the gorge these days," had been the general consensus.

But the boy had not been convinced, maybe the old man was finding gold and plenty of it at that.

He watched the old man swirling water and stones in the pan, spilling out water and sediment. The old man looked mildly pleased as he picked something out of the pan and wrapped it in shiny tinfoil.

The boy was sweating profusely now, as he wriggled over the large boulders towards the old man's pack. He was now out of vision of the old man, hidden by a large boulder. Checking the bag he found a leather hand-stitched bag, tied at the top. Having undone the tie he reached in, there were several little tinfoil packets in it. The

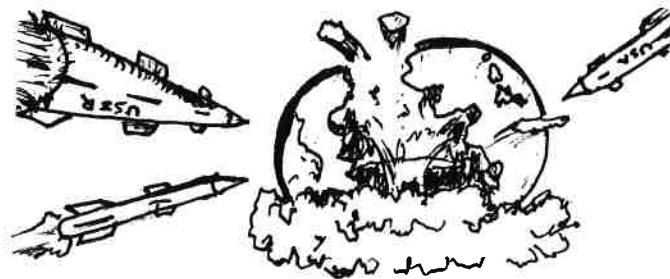

boy's heart pounded as he took the bag and wriggled back. Once he was covered by the scrub, he ran. Out of breath he stopped, and with trembling hands he untied the bag and pulled out one of the larger tinfoil packets. He opened the package. Inside sat three plump raisins.

Then he heard such a pain-filled echo throughout the gorge. "Who stole my raisins?"

## A NUCLEAR THOUGHT

Oh here we stand an endful life  
the leaders make it clear.  
Without a future for your lives  
its angered words we fear.  
The bombs they have  
with conquerous thoughts  
They think will make them tougher  
without delay a nuclear war.  
Will make the strongest suffer.  
To hell with all the weaponry  
To hell with all the plans  
from broken hearts of Anarchists  
give peace to open hands  
They'll burn away our bodies  
They'll slice our souls like knives  
They'll shatter all the freedom  
and annihilate our lives ... so ...  
Presidents, it's not a game, leave  
egos in the past.  
No matter what you do and say  
this war will be your last.

## A PLEA

Could death come before a life?  
One with no continuous strife  
No writhing pain, no hate, no hurt  
and none to make you feel like dirt  
Oh God of mercy, hear my word  
Please don't think I'm absurd  
When I say that I can't go on  
In a world like this.  
I just can't be strong.

# THE SPIRIT OF

1987 has been a bumper year for students going on the "Spirit". In all, ten students took to the high seas and returned with many salty tales to tell. Our "crew" for 1987 included

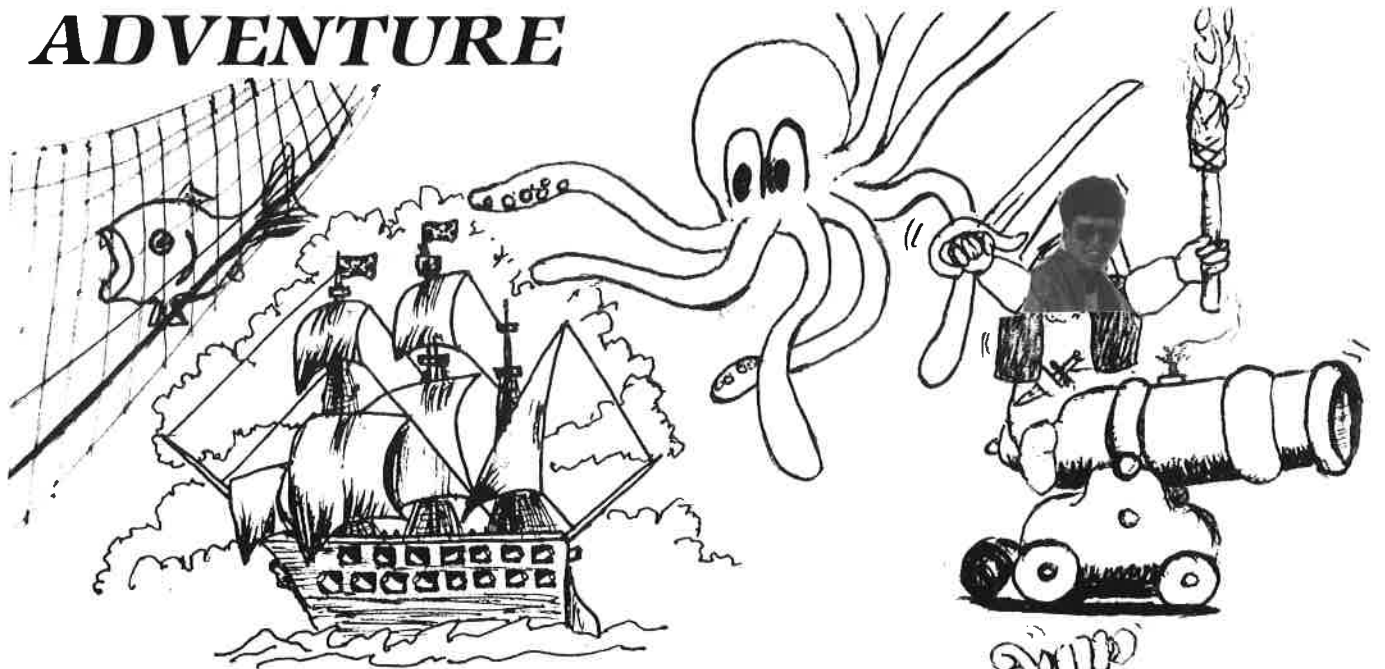

"Skipper"	Dominic de Brouwer
"First Mate"	Maria Northcott
"Petty Officer"	Kevin Le Gros
"Rigger"	Erin Pettid
"Admiral"	Rod McEwen
"Bosun"	Shawn Evans
"Able Seaman"	Brendon Green
"Navigator"	Ian McDonald
Press-ganged from Japan	Yoshi Tanaka
"International Deck Hand"	Alec McIvor

Alec McIvor was one of the 160 very lucky New Zealand Secondary students chosen by ballot from over 500 hopefuls for a place on the Spirit of New Zealand to sail to Australia in December for the Australian Bi-Centenary celebrations.

Tall ships from all over the world will take part in this exciting historic re-enactment of the early settlers' arrival in Australia 200 years ago. Bon voyage Alec.

# ADVENTURE

## A Trip To Remember

BRENDON GREEN

The adventure begins as we leave the Auckland Wharf – twenty five trainees (nine boys and sixteen girls) about to experience ten days of life, unique to the spirit of adventure. Behind we leave the luxuries of life, girlfriends, chocolate and television. We now adopt a new life, no swearing, no pressure of exams or peers, no bustle of society. On board only one thing is called for, that we all work together as a team, in order to meet the requirements of sailing the ship. Here we are able to establish our true identity of who we are, without worrying about the “mark” we found ourselves orientating our life around in the past.

During the time away we are put into situations never to be encountered again. Through a combination of love and hard work each person learns exactly what the others are like. Our friendships grow as the demands of the ship bring us closer and closer together. As well as gaining knowledge of sailing and the outdoors, we learn who we are and our outlook on life is eternally changed.

Ten days later the family returns to civilisation, all of us changed. We are no longer twenty five individual trainees, but a family filled with love and warmth. We openly express and exchange our love for each other with warm embraces. The love and atmosphere felt between us is exceptionally great and then the harsh reality had to be accepted; this was the end. Our trip was over and we had to return home.

As quickly as on the day we met, we all departed, one by one, each farewell filled with tears and love. As we left we had to resume to the life of society, but now we were different, changed, and with memories of an amazing trip with amazing people.

Hi, my name is Geum Heng Kuoch. I'm the first Kampuchean student to climb this far at Tokoroa High School, I will complete my seventh form year this year.

As I look back over the last five years of my school life at Tokoroa High School and I say to myself, "Well Heng, you have to leave". But over all I am glad that I have been a part of Tokoroa High School.

The most difficult thing I'd found during my school years was the English language. I admit I hated learning English, but I had no other choice. One of the strange things I experienced when learning English was when I asked my teachers some words that I'd heard from my school mates. They told me that it was a swear word and not a good English word. But when I looked the word up in the New Zealand dictionary it meant something different altogether. I was very confused.

Finally I would like to thank all my worthy teachers, past and present, from the bottom of my heart. I will miss you all but don't be sad.

Life can only be understood backwards but life also must be lived forward.

# SENIOR CAMP '87

On June 30th, the sixth and seventh form students ventured to the Ngaruawahia Christian Youth Camp where we were to spend the following four days living as a group on our senior camp.

The days to follow were to be a worthwhile break from the problems of school and the hassle of homework. Here we were to live together, eat together and 'sleep' together — man did that cause a few problems!

The first day we had an orientation day and that night some of us raged it up to 'Crowded House' at the Founders Theatre in Hamilton. (Thanks to Terri.) While the remainder splished and splashed at Waingararo Springs.

The following two days included an elective, chosen by us, ranging from scuba diving to defensive driving and golf to public speaking.

On the final night, we had a formal dinner and the eating habits proved anything, but, formal as knives and forks were discarded as we took to the chicken. The meal was followed with speeches which entertained us all (especially Dom's) and soon the evening drew to an end.

Camp was a great success, with sleep being sacrificed for many things from jokes, rap sessions (Shane's dorm) and seances (notably Hayley) where some of us attempted to contact the dead!

Camp was excellent and I'd like to take this opportunity to thank the participating staff. I'm sure all of us agree you did an excellent job and thanks for treating us with responsibility and regarding us as adults. You behaved well, and can come next year. I hope you all enjoyed camp as much as we did.  
Brendon Green.

## SENIOR SPEECH CONTEST

With increasing emphasis on oral communication in the fifth, sixth and seventh form prescriptions the speech contest gains greater importance in the school calendar.

This year, forty senior students presented 5—7 minute speeches in the preliminaries held to select the fourteen finalists.

On August 14, the senior school provided an attentive and responsive audience for the finalists who presented humorous and serious speeches on a wide array of subjects.

The successful fifth formers were:

First: Andreas Weiss — "Seeking Our Ancestral Heritage"

Second: Chris Robertson "A History Of Transport"

Third: Ricky Mikara — "Glue Sniffing"

The successful sixth/seventh formers were:

First: Siliva Gaugatao — "Violence"

Second: Jacqui Hori — "Girls Can Do Anything"

Third: Rick Hoggard — "Teenage Pressure"

### CHAIRPERSON'S COMMENT

The T.H.S. Council of 1987 has achieved many goals. The biggest task of the Council was to have a combined council meeting with Forest View High School Student Council. The meeting was a great success and a second meeting will be held in November. Our Council supported many sporting, cultural and academic groups and individuals throughout the year. 1987 has been a pleasing and worthwhile year for the Council.

# The Wonderful World Of Books

Our library has had an exciting time this year. The opening and dedication of The Polynesian Corner was a highlight especially because the ceremony provided the opportunity for our students to speak and perform. Because of the generosity of staff and friends of the school many expensive books were donated after the function. Later on in the year the Rugby League team won \$200 in book tokens. Jemarl Dunn, the captain, selected many fine sport books for our library.

We have the assistance of a group of young people from the fourth and third form. So to Caroline, Joanne, Tutunoa, Meredith, Rachel, Kayleen, Angela and Ruth, also Mr Murray, Mrs Nooroa and I would like to extend our sincere appreciation.

## "FOOTNOTES"

The "Footnote Dancers" are a group of young dancers who travel around the country and go to schools to perform and take dance workshops.

This year Tokoroa High School was lucky enough to

have the group stay for a week during the second term. During this time 4th and 6th Formers were given the chance to take part in the workshops and in the final performances.

The 6th Form students took part in workshops designed to improve trust and accept responsibility for others — this was done by letting everyone push ya around?! The classes involved accepting the weight of others who were in an 'at risk position' — one in which irresponsible actions by others could lead to injury.

A large group attended a few more workshops than they should have, and as a result worked on more difficult problems too soon, which ended up with everyone falling off the stage backwards. . . into the rest of the group's arms.

On the Friday the dance group performed a number of routines and in one, "A Family Reunion", some 4th and 6th Form students helped out.

Dominic De Brouwer, a 6th Form student, impressed the Footnote Dancers so much that he was offered a scholarship to go to a dance workshop in Wellington. Well done, Dominic!

**FASHION**

## FASHION SHOW OF ORIGINAL CLOTHING DESIGNED AND PRESENTED BY THE SIX AND SEVENTH FORM PRACTICAL ART CLASSES

Students combined their creative skills to launch the most novel of fundraising ideas — a fashion parade, with garments designed by the art students.

The funds raised from this show helped the sixth and seventh form art and art history students who visited Auckland's Tamaki College in July. The students went to a variety of tertiary institutions available to them when they leave school and also "Te Maori" exhibition.

The parade was a top class showing with music, dancing and the fashions.

"The enthusiasm of the students was phenomenal," Debbie Cave-Higgins said immediately after the show.

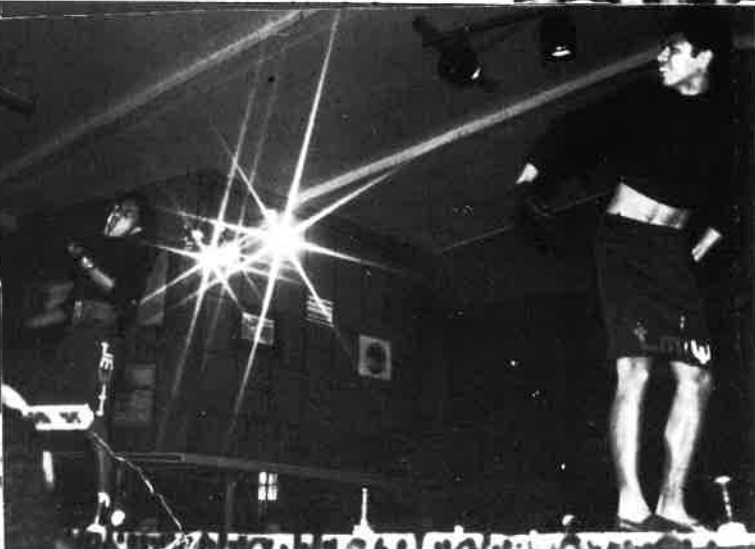

"Members of the 'Footnote' dance company commented that some of the routines were innovative and they had seen nothing like them on a recent trip to London."

The fashions on show were designed by school students, including Joseph Leuii, Maria Northcott, Ian Twigg and Douglas Edhouse. Silkscreen print work was added by Colin McCormick.

Mrs Cave-Higgins and Joseph Leuii were the key organisers of the show.

"But it was a team effort — everybody threw themselves in and were willing to do anything asked of them," Mrs Cave-Higgins added.

There are plans underway for another one next year, perhaps, but regardless this one was a success and has inspired some students to pursue a fashion or art career.

#### CAPTAIN 1ST XV COMMENTS — SHAUN TANE

This years rugby season started off very slowly, with not many players. Most of the team was very young but they all had a lot of potential. Stuart Harrison, Paul Tatham, Crossley Ngapo and Aaron Gray, made it into the Waikato and South Waikato Under 15 reps. Three of our players made the Under 19 Waikato Squad. These three were Tony Petro (vice captain), Eliu Leger and Shaun Tane (captain). With all our Waikato representatives we still had a lot to learn. During the season, the games played were evenly won and lost between us and the rest of the Waikato district teams. We played teams much older and more skilled than the younger players of our 1st XV.

We had a good rugby season despite all of our ups and downs. With the coming and going of some of our players, the team did not get very well organised until half-way through the season. We give most of the credit to our Coach, Mr Johns and our Manager Mr Ngapo. When our team was down, they guided us through and helped us all the way.

Without the non-Waikato players in the team, our two big props: Willi and Harky, our locks: Lingman and Karl, Flankers: Stevie, Barbie Doll and Lyle, who made up our forward pack, and in the back line starting off with: Duane (Hard), Brian Hurliman, Dion, Deane, Puna, Charlie and George and the help of our reserves: Jamie and Ainsley. The season would not have been so successful nor such a lot of fun.

#### COACHES COMMENTS

*The dedication and co-operation of parents and staff, Mr Barry Barbarich, Mr L. Ngapo and Mr Nicols has contributed greatly to the success of our rugby year.*

*We are experiencing considerable growth at the moment and this will continue next year. We hope to field a 3rd XV, develop inter-form competitions, and develop our F3 and F4 teams. Fundraising is proceeding well for the first XV tour of Australia next year.*

## CAPTAIN'S COMMENT

Being Captain of the 2nd XV was a good experience that I really enjoyed.

Part of the captaincy was making decisions and they weren't always the right ones. After the game you get the coach saying "Why didn't you do this, why didn't you do that?" So you have to do a lot of thinking.

Another thing was talking to the boys. That was pretty hard because sometimes they thought it was a joke taking advice from me.

It was quite embarrassing at the after match functions too, because when I was already standing up, ready to give my speech, the boys would tell me to stand up because I was one of the smallest in the team; and you don't usually see a small Captain.

Colin Goodwin

## 2ND XV COACH COMMENT

The second XV was a bunch of dedicated and happy young men who were full of spirit. Sometimes, there was not much up top but they enjoyed their games and as coach, it was a pleasure being there. More often than all the coaching went out the window when they went on the field!

However we went through the season with the boys improving in every game.

To our captain Colin Goodwin, Assistant Coach and Manager, Gavin Nicol thanks for a job well done. To the players thank you for everything both on and off the field.

My congratulations to the boys who made the first XV for 1988. To the others, keep on trying and best of luck for next year. Enjoy your rugby.

Mums — thanks for washing our jerseys.

## (WORLD CUP HUMILIATION)

Rotorua — June 18 1987

### A LAMENT OR A LETTER TO SIMON

Fear, not dear Castigated, downtrodden and ridiculed wounded Wallaby for I have not forsaken you. This wandering soul suffers as much as you as he endures this unforgiving animosity of those who inhabit this land of the long World Cup.

Weak are those of them who said that they will never purchase an imported Peugeot, Bic biro, bottle of Pol Roger or Channel No. 5, due to the infamous deeds of those who dare to calously trespass and blithely pollute our sacred South Pacific, let alone switch emotional allegiance, quite against the grains of our ancestry and heritage, (on the sandy soil of our native homeland and on the corporate owned, green pastures which is New Zealand.)

Feel sorry not for yourselves in your hour of torment, as you remember the ungracious booing which greeted you as you emerged from the gunnels of tribal rich Rotorua.

For it is the folly of fools who jeer and mock in the presence of proven warriors.

Time will pass and with each new coming of the crested wave, scorelines will fade into mathematical obscurity but the vivid memories will remain indelible in the minds of those of us who have suffered the travesty of being forgotten in favour of fated foreigners.

Fear not dear wounded Wallaby, let us retire now and prepare a methodical and exciting revenge.

## Boys' Hockey

The Boys First Eleven Hockey Team was considerably weakened this year by the leaving on many strong players at the end of 1986 season. This team played with great spirit, and were well lead by Ricky Hoggard whose balanced approach to all aspects of Captaincy was of great assistance in the team maintaining a good moral. Todd Atkinson was the most outstanding player for the season and his improvement augers well for next season.

# CROSS COUNTRY

This year saw three major events of the School Cross Country calendar for Tokoroa High School.

Probably working in the reverse order to the ideal the first event participated in by Tokoroa athletes was the National champs held in Feilding in June. With nearly 2,000 competitors, top placings are hard to come by. Top local effort was Brendon Green's 88th, followed closely by Dominic de Brouwer. Other team members were Rachel Proctor (JG), David Dravitzki (JB), Kylie Putt (SG) and Martin Collis, David, Jason Salmon and Rick Hoggard (SB).

The outstanding results of the Waikato champs held at Te Aroha were Martin Collis' 6th placing in the Intermediate Boys grade, and Dominic de Brouwer 9th in the Senior Boys.

All finishers in this year's school champs received certificates and the lake course again proved popular. Senior champions were Jodi Carter from a determined Rachel Proctor and Dominic de Brouwer who had to work hard to shake off Martin Collis and David Edgar.

Top placings were:

**3rd Girls** 1 Ana Glassie  
2 Donna Wisniewski  
3 Jocelyn Carey

**3rd Boys** 1 = Che Tonge

1 = Trevor Nepe

3 Darren Bullwren

**4th Girls** 1 Sarah Mace  
2 Rochelle Whitaker  
3 Maureen Fitzgerald

**4th Boys** 1 Michael Sargeant  
2 Shaun Purvis  
3 Chris Storer

**Senior Girls** 1 Jodi Carter  
2 Rachel Proctor  
3 = Melissa Clifford/Pamela Dravitzki

**Senior Boys** 1 Dominic de Brouwer

## Athletics

The new format of holding the school championships at Strathmore Park proved extremely popular and practical. A fine day saw excellent competition with some non-championship "fun events".

Overall champions were:

Third form girls: Tracey Ryan.

Third form boys: Trevor Nepe.

Fourth form girls: Sarah Mace.

Fourth form boys: Crosley Ngapo.

Senior girls: Regina Sheck.

Senior boys: David Henstock.

A large team then travelled to the Mid-Island Champs at Rotorua where Tokoroa High School once again excelled — especially in the senior boys where our athletes dominated the track events.

Placegetters from these champs then went on to the Waikato Secondary School Champs where Regina Sheck, Crosley Ngapo and Aaron Montgomery shone. Selection for the North Island Champs was automatic for the above three athletes where their respective placings were senior girls' discus — first, intermediate boys' long jump — first and junior boys' high jump — third.

A team of 11 Tokoroa High School athletes will contest the New Zealand Secondary Schools' Athletics and Road Champs at Hamilton in December. These are New Zealand's largest sports event of any kind with nearly 4,000 competitors.

## Gymnastic Success

*Congratulations to Meredith Graham,  
Rachel Malins and Tracey Ryan for  
receiving gold badges in gymnastics.*

# NETBALL REVIEW

By Pania Papa

1987 started with a bang... or rather, a sizzle! The fire of February slightly upset the plans of many, including the netballers of the school, who gathered the 'singed' remains of the uniforms from the ashes.

However, the season itself didn't suffer because of it, thanks to the rapid replacement of brand new uniforms.

Tokoroa High School had its fair share of successes in the season, with the Senior A competing in the Premiere grade (for the very first time!). Soon after, we managed to be in the top four Tokoroa teams competing in the Halligan Shield Series played on Wednesday nights.

To boost the girls' egos, we acquired brand new track suits for the whole team, through heavy fundraising and also tremendous help from Mrs Maea.

A further major success occurred in Hamilton at the Secondary Schools' Tournament in August, where THS A won the final against Sacred Heart, other teams successes.

In July, the Senior A, 1st and 2nd XV Rugby teams and the Basketball team ventured into the Wellington suburb of Porirua.

The trip was very memorable and the games played in the best of spirits. We recorded a win for Netball, a loss from 1st XV and Basketball and a from the 2nd XV.

When we returned, the trials for South Waikato Representatives followed, in August/September.

It was marvellous to see so many High School girls make it into the teams.

# CYCLING CLUB

## Around Taupo Cyclethon

The annual Around Taupo Cyclethon is billed as the biggest one day cycling event in the Southern Hemisphere. Among the 800 starters in the November 1986 event were 36 cyclists from Tokoroa High School. Their aim was to complete the gruelling 100 mile event and to raise funds for the junior IHC school at Cargill.

The cyclethon began at 8.00 am on Taupo's main street. The weather was cold and calm with winds increasing through the day. All our cyclists had passed the 50 mile half way point at Kuratau by 1.00 pm despite some punctures, cramp and mechanical failures.

Into the steep hills between Kuratau and Turangi, several cycles suffered terminal gear failure which meant a long walk to the next transport station for the riders. By 3.30 pm, 32 riders had crossed the Tongariro River Bridge and were cycling the long undulating straights back to Taupo township. Two riders were forced to retire with cramp on the formidable Earthquake Gully hill climb with just an hour's cycling remaining to the finish.

By 7.00 pm, thirty cyclists were finally back in Taupo township reliving their gargantuan struggles with the hills and resting their weary limbs in the local hot pools. For the technically minded, the course climbed 300 metres about lake level in the first 16 kilometres. Cyclists finishing the course climbed and descended a total 1,600 metres. And, in accordance with tradition (since 1973), one cyclist in five withdrew from the event.

Our fastest cyclist recorded 6 hours 40 minutes, our slowest 10 hours 55 minutes. Our finishers included three female cyclists and the team raised over six hundred dollars for the Junior IHC.

Completing such an arduous course is an achievement of which any cyclist can be justifiably proud. A very big thank you to the many parents who provided transport and trailers and who assisted and encouraged the students out on the course.

### CANOE CLUB — JUNIORS

Gavin Montgomery, Jason Van der Zee, Connie Brown, Pauline McConie, Darryl Clapperton, Kane Satchell, Craig Evans, Dyson Beaseley, Michael Bailey (Capt.), Shaun Allen, Trevor Bentley (Coach).

### THS CYCLING CLUB

Back Row: Trevor Bentley (Coach), Colin Goodwin, Michael Bailey, Dyson Beaseley.  
Front Row: Joseph Vavia, Gavin Montgomery, Martin Puckey, Ken Blake, Jason Salmon.

## CANOE CLUB

### CANOE CLUB — SENIORS

Mathew Teao, Mr Bentley (Coach), Joseph Leuii, Rod McEwan, Shaun Tane, Colin McCormick.

The canoe club acquired five canoe polo baths late last year and these were put to good use in club practices after school.

Ten junior canoeists represented Tokoroa High School at the 1987 Canoeing Nationals at Taupo, which was the canoeing highlight of the year.

Our team completed creditably against teams from thirty-six New Zealand Secondary Schools and featured prominently at the awards ceremony.

In the deep water rescue competition on Lake Taupo, Dyson Beasley, Shaun Allen and Jason Vander Lee won their heat and were then placed second in the final against Paraparaumu College.

Joined by Gavin Mantogomery and Michael Bailey the team fought their way through to the finals in the junior canoe polo tournament held at the A.C. Baths.

Despite a two point deficit at halftime their rivals, Otaki College, fought back to take out the game by one goal in the final minute. Although disappointed, the team found some consolation in their five silver medals and the prospect of good performances in the flatwater sprints. Competition over 1000 metres, Craig Evans and Dyson Beasley made the finals, finishing 4th and 7th respectively.

In the whitewater slalom event Michael Bailey was placed 5th in the paddles up event and junior girls, Pauline McOnie and Connie Brown performed with distinction in the slalom event. We extend thanks to parents who have assisted with the transport of canoeists and kayaks and in particular to Mr Allen for his work as team manager at the 1987 Nationals.

# AUCKLAND ART-TRIP

From 29th to 31st July, about 40 5th, 6th and 7th form Art Practical and Art History students took part in an Art trip to Auckland.

During the three days we were there, we were hosted by Tamaki College students and staff. We slept in their school Marae. On the way to Auckland we visited the Cambridge craft centre, and the Huntly power station.

Our days were occupied as we visited a Historic Places Trust house called Highwic in Auckland, the Technical Institute, the Auckland Museum, the Auckland Zoo, the Te Maori Exhibition, which was being held in the Auckland Art Gallery, and then we went rampant on Queen Street.

On the first night we showed some of the Tamaki Art students samples of the Tokoroa Art Practical students work and the fashion show video. On the second night we went to the Paradise Ice-Skating Rink in Glen Innes.

The trip was financially possible because of the hard work that was put into fundraising: A sausage sizzle at athletics day, a school social and the fashion show.

We wish to acknowledge our heart felt thanks to Tamaki College for the warmth and magnificence of their hospitality. It was a thoroughly enjoyable trip and will be repeated in the future.
